Associated Builders [Pvt] Limited ["the Seller/ABPL"], an associated concern, for purchase of two developed tourist site pieces of land/plot[s] measuring altogether 7.29 Acres in Golden Palms Project, Gwadar and paid part consideration of Rs. 626.82 million towards acquisition of the said pieces of land/plot[s]. As per terms of the said Agreement, the ABPL/Seller shall deliver to the Company vacant and physical possession of the said land/plot[s] by June 30, 2012 after completion of development work.

Despite best efforts made by ABPL for development of the Project, ABPL faces severe hurdles in the development work by the Govt. authorities and Gwadar Development Authority ["GDA"], as the GDA numerously revised the Master Plan which resulted submission of revised plan to GDA for their approval and the development work was hampered and delay by such frequent changes.

The Company has been allotted provisional allotment letter[s] of the said land/plot[s] and is in continuous correspondence with ABPL for issuance of final allotment and physical possession of the land/plot[s] but due to aforementioned reasons, the possession and final allotment of land/plot[s] is pending, and the part consideration is appearing as advance in the Company's Financial Statements.

It is pertinent to mention that, from the date of this transaction, the Company had been disclosing the same in its Financial Statements and had been reflecting the paid part consideration as advance for purchase of land in its Financial Statements which are being adopted by the Members at AGM every year and believes that this advance for purchase of land / plot[s] does not fall within the ambit of Section-199 of the Companies Act, 2017. However, Securities & Exchange Commission of Pakistan [SECP] is of the other view, hence the Company has challenged the same on legal grounds by filing an appeal which is pending adjudication.

In the best interest of the Company and its shareholders, the Company has decided to expressly place this matter before the Members, seeking approval of this transaction, without admitting to any assertions of SECP on applicability of provisions of Section-199 of the Companies Act, 2017 and the aforesaid approval is on non-prejudiced basis.

# CHAIRMAN'S REVIEW

## Dear Members

I am pleased to present 62nd annual report of Pakistan Services Limited comprising unconsolidated and consolidated audited financial statements for the year ended on 30 June 2021 together with the auditors' report thereon.

## THE GLOBAL ECONOMIC ENVIRONMENT

The global economy is climbing out from the depths to which it had plummeted during pandemic, many countries have slowed reopening, and some are reinstating partial lockdowns to protect susceptible spread of Pandemic. Although mass vaccination has raised hopes of a turnaround in the pandemic, but new variants waves of the virus pose concerns on economy.

The world economy is projected to grow as the effect of pandemic started gradually fading away, the economic & sports activities around are gradually back on track. We have witnessed a steady progress on learning curve of people around the globe for all safety measures pertaining to Pandemic in daily routine life causing fast normalcy of activities. The pandemic has caused severe surge in prices of all commodities especially in food items causing increase in cost of doing business.

While there are positive signs of economy recovery, the pandemic continues to effect uneven progress on recovery of the economy due to resurgence of pandemic cases. Globally coordinated efforts are essential to cut the impact of this pandemic through accelerated access to vaccine distribution and debt relief by world donors to countries with fragile economies.

## PAKISTAN

Pakistan's economy, like rest of the world, has struggled to combat the economic consequences of pandemic through prompt measures for supporting the economy and saving the lives and livelihoods. Besides, virus containment measures, the government has implemented a comprehensive set of measures including the largest ever economic stimulus package, a construction package, an expansion of the social safety net to protect the vulnerable segments of the society besides supportive monetary policy stance along with targeted financial initiatives. These measures helped the economy in diminishing the negative impact of the pandemic.

Pakistan's growth prospects have been influenced by pandemic challenge and now the economy is steadily progressing towards more sustainable and inclusive growth path. The performance in agriculture, LSM, construction and exports sectors are amongst the key success stories.

The State bank of Pakistan through monetary policy remained fully supportive toward economic recovery and financial stability.

Inflation all over the world remained volatile mainly due to supply-chain disruptions in commodities on account of pandemic.

## PROSPECTS

The economic performance clearly shows that the economy is improving in the post-COVID-19 era. The start of mass vaccination has raised hopes of a turnaround in the pandemic in near future. The business confidence has returned, and economic activity is slowly getting back on track. It is expected that macroeconomic stabilization measures and structural reforms supported by international development partners will help the economy to move on a higher and sustainable growth trajectory.

Keeping in view the significant performance pertaining to FATF conditions, potential of exports and e-commerce, recently addition of Pakistan in seller's list of Amazon alongside vivid performance of Pakistan Stock Exchange [PSX] post to initial pandemic impact reflects the investors' confidence and revival of economy.

In view of the policies of government and measures taken to promote domestic and international tourism, including eased visa policy, it is expected that there will be noticeable rise in domestic and as well international tourism that will surely boost the hospitality industry in Pakistan. The Pakistan government's tourism campaign has also helped to raise the country's profile in the global tourism market.

## OVERALL PERFORMANCE OF THE COMPANY

Since the hospitality sector around the globe was the most effected sector from pandemic, hence the company's operations remained severely affected during the financial year. To comply with the directives issued by the Federal & Provincial Governments and Local Administration Authorities, the company was operating with limited scope under time-to-time restrictions imposed by authorities on Food & Beverage outlets, restaurants and Banquet activities. Besides, some of the hotels were on temporarily closure for certain time period during the year.

## PEARL-CONTINENTAL ATTABAD LAKE RESORT

# A JEWEL CARVED OUT OF MOUNTAIN

**W**hether it's your first time visiting Attabad Lake, or you're returning to the Valley that holds countless vacation memories, you'll soon find this gem to be a quintessential lakeside retreat for you and your family.

The Pearl-Continental Hotel Attabad is gearing up to open its doors to a brand-new Resort being built on an 85,000 square feet strip of land, right next to the lake, just 300 metres off the main Karakorum Highway.

The shores of Attabad Lake are quiet and relaxing, making it a perfect location for your vacation or business trip. Within the hotel there will be spacious rooms, and guest suites, with attached terraces all opening out to the crystalline and vividly coloured views of the Attabad Lake. The lake and the hotel will be surrounded by the breathtaking snowcapped mountains during winters. The Lake, with its glassy still surface, and the surrounding scenery that will be shifting colours throughout the seasons, changing from the deep turquoise to warm saffron tones in the warmer months, all tucked away nicely in the centre of the majestic Karakorum Range, making this surreal. Just like in a fairy tale this hotel will truly look like a jewel carved out of a mountain.

The surrounding of the majestic Attabad Lake completely disconnects you from the hustle and bustle of the modern world. In order to maintain the perfect balance between nature and luxury, Pearl-Continental Attabad Lake Resort will bring the essence of a five-star luxury in this exhilarating setting. Our innovative use of exquisite materials in an international and inclusive design will ensure that the building provides equal access to everyone, including the elderly and those with special needs. The surrounding of the scenic Attabad lake soothes the spirit while an array of resort-style amenities inside the hotel will make it easy to do as much or as little as you like.

#### ACCOMMODATION

The five-star Lake Resort will offer comfortable accommodation with spectacular views. The guests will be able to choose from a wide range of 95 spacious rooms and 10 guest suites, with 24-hour power back up, central air conditioning, access to instant hot water and elevators. Each room will provide a high-speed Wi-Fi connectivity along with a host of modern amenities and services. Laundry, food & beverage, and the front desk service will be available round the clock. Parking spaces for all hotel guests, along with a valet service will also be available on the premises.

#### DINING

You will be able to enjoy dining from a selection of cuisines in our all-day restaurant, terrace barbeque, at the patio, on the roof, or by the poolside. You can also order through the in-room menus for a more private dining experience in your rooms or the terrace. Additionally, we will also be incorporating a lot of locally sourced produce, prepared by our expert chefs, to serve you delicious delicacies of the North. To grab a quick snack, our coffee shop will treat you with some warm, buttery baked goods, all baked fresh in-house.

### MEETINGS & EVENTS

There will be banquet and seminar halls, with a seating capacity of more than 100 individuals, at the Pearl-Continental Attabad Lake Resort. Not only will the halls be chic, but will also provide state-of-the-art audiovisual technology, ideal for destination weddings, business meetings and corporate events. Our 5 conference rooms, each with a seating capacity of 10 individuals, are fitted with the latest technology for a perfect presentation.

### WELLNESS AND RECREATIONAL FACILITIES

You might want to spend the day lounging on the terrace, soaking up the sun, appreciating the views, or splash in the pool with the kids. The hotel also plans to host yoga retreats for yoga practitioners. From the fitness centre, a fully equipped gym, hot tub and a hair salon, all onsite, to jet skiing, rafting, boating, fishing and other fun activities nearby, there will definitely be something for everyone.

# DESTINATION WEDDINGS

Looking for some truly spectacular scenery to serve as the backdrop for your big day? Look no further than these incredibly breath-taking locations, all in Pakistan!

During the pre-pandemic times, Europe was known to be the most popular destination wedding spot, with Italy being a firm favourite. However, as the events of 2020 paralysed the tourism industry, putting a halt on all our international travel plans, we started exploring options around us. Fortunately, there are several locations throughout the country where you can host a magical destination wedding without breaking the bank. Mountain weddings truly exemplify rustic romantic style. From the lush green mountains of Pir Panjal Range, in the Bhurban region, the snow-covered stunning Hindu Kush Mountain range at Malam Jabba, to the glorious Pir Chinasi and surrounding mountain ranges of Muzaffarabad. These natural wonders can serve as the perfect backdrop for your ceremony or wedding portraits.

MALAM JABBA

The landmark five-star Pearl-Continental Hotel Malam Jabba was built in 2019 and is adorned with mountain-inspired decor to fit in with its natural surrounding beauty. Featuring Pakistan's largest ski area, snow-skating tracks, ziplines, chairlifts, rock climbing, health club and business centres, you'll feel right at home at this mountain hideaway.

Located almost four hours away from Islamabad, there are plenty of event spaces on site to tie the knot. The Hotel offers two phenomenal sites for your dream wedding, Grand Valley Ballroom adjacent to the Grand Valley Lawn. Get married in the picturesque Lawn, for a beautiful outdoor setting. Or alternatively consider our Ballroom, featuring floor-to-ceiling paneled windows boasting panoramic views of the Hindu Kush mountains at every turn, for your wedding reception.

The wedding package comes with an event planning guide, house tables, linens, chairs, and table settings. When it comes to food and beverage, the in-house kitchen offers delicious eats that are made from scratch and with locally sourced ingredients. Team up with our chefs to discuss and choose from our menus that you and your guests are guaranteed to love. The staff at Pearl-Continental Malam Jabba are ready to make your mountain wedding dreams a reality.

MUZAFFARABAD

From walking trails and picturesque sunsets to the natural beauty of the confluence of Neelum and Jhelum Rivers, this all-inclusive venue is a nature lover's dream. In the summer and fall you'll be surrounded by fresh mountain air, lush greenery or foliage depending on the time of year. Right in the centre of all this beauty, standing in all its glory, the Pearl-Continental Hotel Muzaffarabad offers you a number of ceremony and reception sites for your big day.

Located just three hours away from Islamabad, the stunning hotel was built in 2008. Here you will find multiple locations on the property that are perfect for an outdoor

ceremony. Whether you want to have your reception in a grassy meadow facing the mountains, or overlooking the beautiful Neelum and Jhelum rivers, there are lots of areas at the hotel that would serve as beautiful backdrops for your wedding ceremony. The Zaver Ballroom, seating up to 500 guests, and Ballroom Foyer, both offer an aesthetically pleasing design that would lend itself to a beautiful mountain-wedding. Continue the celebrations outside with a tented reception so you can enjoy the star-studded Kashmir skies, adding up to the beautiful memories of your special day with your loved ones.

#### BHURBAN

Overlooking the Pir Panjal mountain range, the stunning five-star Pearl-Continental Hotel Bhurban landed on the map back in 1992. Ever since, it has maintained its spot as the favourite weekend getaway for the residents of Islamabad, Rawalpindi as well as Lahore. Along with the natural beauty, a wide range of exciting recreational activities and facilities such as snooker club, table tennis, a nine-hole golf course, jacuzzi, sauna, gym, trekking and the 12-D motion ride, ensuring that there is something for everyone.

Located just two hours away from Islamabad and set amidst the Murree and Kashmir Mountains, this luxury resort is a perfect choice for your once-in-a-lifetime event. Whether you want an intimate gathering, or a big celebration, the team at this beautiful Hotel, in the heart of the great outdoors, is ready to make your big day happen. There are multiple event spaces to choose from. For an outdoor ceremony, consider the Pool Lawn, which features panoramic views of the majestic mountains and impressive stonework. For a larger gathering, there are a total of 11 Halls to choose from, depending on the number of guests for your event. The Zaver Hall and Chinar Hall are the hotel's largest event spaces that accommodate up to 320 guests and boast a more glamorous aesthetic, whereas the outdoor lawn would lend itself better for an intimate al fresco dinner under the glistening stars.

# INDEPENDENT AUDITORS' REPORT

## TO THE MEMBERS OF PAKISTAN SERVICES LIMITED

### Report on the Audit of the Unconsolidated Financial Statements

#### Opinion

We have audited the annexed unconsolidated financial statements of Pakistan Services Limited (the Company), which comprise the unconsolidated statement of financial position as at 30 June 2021, and the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity, the unconsolidated statement of cash flows for the year then ended, and notes to the unconsolidated financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2021 and of the loss, the comprehensive loss, the changes in equity and its cash flows for the year then ended.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Unconsolidated Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Material Uncertainty Relating to Going Concern

We draw attention to Note 2.3 of the unconsolidated financial statements which states that the Company has incurred a net loss after tax of Rs. 395.89 million during the year ended 30 June 2021 and as at that date, its current liabilities exceeded current assets (excluding non-current assets held for sale) by Rs. 5,178 million. These events or conditions, along with other matters as set forth in Note 2.3, indicate that a material uncertainty exists relating to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current period. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Material Uncertainty Relating to Going Concern section, following are the key audit matters:

### Information Other than the Unconsolidated Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. Other information comprises the information included in the annual report for the year ended 30 June 2021, but does not include the unconsolidated financial statements and our auditors' report thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

# INDEPENDENT AUDITORS' REPORT

## TO THE MEMBERS OF PAKISTAN SERVICES LIMITED

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Board of Directors for the Unconsolidated Financial Statements**

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

### **Auditors' Responsibilities for the Audit of the Unconsolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on

# INDEPENDENT AUDITORS' REPORT

## TO THE MEMBERS OF PAKISTAN SERVICES LIMITED

the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- proper books of account have been kept by the Company as required by the Companies Act, 2017 [XIX of 2017];
- the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 [XIX of 2017] and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 [XVIII of 1980].

The engagement partner on the audit resulting in this independent auditors' report is Atif Zamurrad Malik.

# INDEPENDENT AUDITORS' REVIEW REPORT

## TO THE MEMBERS OF PAKISTAN SERVICES LIMITED

### Review Report on the Statement of Compliance contained in Listed Companies [Code of Corporate Governance] Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies [Code of Corporate Governance] Regulations, 2019 [the Regulations] prepared by the Board of Directors of Pakistan Services Limited for the year ended 30 June 2021 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in regulations as applicable to the Company for the year ended 30 June 2021.

Further, we highlight below instance of non-compliance with the requirement of Regulation as reflected in the note 19 in the Statement of Compliance:

### 2 STATEMENT OF COMPLIANCE AND BASIS OF PREPARATION

#### 2.1 Statement of compliance

These unconsolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards), issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as notified under the Companies Act 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

In case the requirements of the Companies Act, 2017 differ from the IFRS Standards or IFAS, the requirements of the Companies Act, 2017 have been followed.

#### 2.2 Basis of measurement and preparation

These unconsolidated financial statements have been prepared under historical cost convention except for the following items, which are measured on an alternative basis on each reporting date.

| Item                                                                    | Measurement basis                                                                      |
|-------------------------------------------------------------------------|----------------------------------------------------------------------------------------|
| Land                                                                    | Revaluation model                                                                      |
| Investment property                                                     | Fair value                                                                             |
| Investments classified as fair value through profit or loss             | Fair value                                                                             |
| Investments classified as fair value through other comprehensive income | Fair value                                                                             |
| Employee benefits - Net defined benefit liability                       | Present value of the defined benefit liability, determined through actuarial valuation |

The method used to measure fair values are disclosed in respective policy notes.

These unconsolidated financial statements are separate financial statements of the Company in which investments in subsidiary companies, associates and jointly controlled entity are accounted for on the basis of direct equity interest rather than on the basis of reported results. Consolidated financial statements are prepared separately.

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

### 2.3 Going concern basis of accounting

These unconsolidated financial statements have been prepared on a going concern basis, which assumes that the Company will be able to continue its operations and will discharge its liabilities including repayment of loans and interest thereon, in the normal course of business.

The Company has incurred a net loss after tax of Rs. 395.89 million during the year ended 30 June 2021 and, as at that date, current liabilities exceeded current assets [excluding non-current assets held for sale] by Rs. 5,178 million. The Company's operations were affected due to lock down measures taken by the Government of Pakistan in response to COVID-19 outbreak [refer note 50] which resulted in closing down of the hotel properties for the period from March 2020 to August 2020.

Management expects the situation to improve in subsequent period and is confident that operating cash flows will be adequate to fulfill obligations when due. The Company has successfully negotiated with banks for rescheduling of loans and accrued interest payments which will have a positive impact on the Company's liquidity. Further, the lockdown restrictions have been relaxed, and the Company's hotel properties have resumed operations and management expects that room occupancy and sales at its hotels will improve further.

Management acknowledges that material uncertainty remains over the Company's ability to meet its funding requirements. However, as described above, management has a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. If for any reason the Company is unable to continue as going concern, then this could have an impact on the Company's ability to realize assets, and to extinguish its liabilities in the normal course of business.

### 2.4 Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates [the functional currency].

These unconsolidated financial statements are presented in Pakistan Rupees [Rupee or PKR], which is the Company's functional currency. All amounts have been rounded to the nearest thousand, unless otherwise stated.

### 2.5 Use of estimates and judgments

In preparing these unconsolidated financial statements, management has made judgments, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognized prospectively.

The areas where various assumptions and estimates are significant to the Company's unconsolidated financial statements or where judgment was exercised in application of accounting policies are as follows:

- Note 3.1 & 15.1 - useful lives, reassessed values, residual values and depreciation method of property, plant and equipment
- Note 3.2 & 17 - Intangible asset
- Note 3.4 & 18 - fair value of investment property
- Note 3.6 & 23 - provision for slow moving inventories

### 2.6 Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair value, both for financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. Management has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values.

Management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of the approved accounting standards as applicable in Pakistan, including the level in the fair value hierarchy in which the valuations should be classified.

When measuring the fair value of an asset or a liability, the Company uses market observable data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows;

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

### 3 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies as set out below have been applied consistently to all periods presented in these unconsolidated financial statements.

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

### 3.1 Property, plant and equipment and advances for capital expenditure

#### Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and any accumulated impairment losses except for:

- land (free hold and lease hold) which is carried at revalued amount
- capital work in progress and advance for capital expenditure which are stated at cost less impairment loss, if any.

Land (free hold and lease hold) are recognized at revalued amounts based on valuation by external independent valuer. Long term leases of land in which the Company obtains control of the land are accounted for as property, plant and equipment and presented as 'leasehold land'. Revaluation surplus on property, plant and equipment is credited to shareholders' equity and presented as a separate line item in statement of financial position. Increases in the carrying amounts arising on revaluation of land are recognized, in other comprehensive income and accumulated in revaluation surplus in shareholders' equity. To the extent that increase reverses a decrease previously recognized in profit or loss, the increase is first recognized in profit or loss. Decreases that reverse previous increases of the same asset are first recognized in other comprehensive income to the extent of the remaining surplus attributable to the asset; all other decreases are charged to profit or loss.

Cost comprises of purchase price and other directly attributable costs less refundable taxes. The cost of self-constructed assets includes the cost of materials and direct labor, and any other costs directly attributable to bringing the assets to a working condition for their intended use. The completed or / acquired capital work in progress and advance for capital expenditure is transferred to the respective item of operating fixed assets when it becomes available for intended use.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Gain or loss on disposal of an item of property, plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and is recognized in profit or loss.

#### Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

#### Depreciation

Depreciation is calculated to write off the cost of items of property, plant and equipment less their estimated residual values using the diminishing balance method over their estimated useful lives on monthly basis and is recognized in profit or loss. Capital work in progress is not depreciated. Rates of depreciation are mentioned in note 15.1.

Depreciation on additions to property, plant and equipment is charged on Prorata basis from the month in which property, plant and equipment is acquired or capitalized while no depreciation is charged for the month in which property, plant and equipment is disposed off / derecognized.

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted, if appropriate.

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

### 3.2 Intangible asset

Intangible assets are measured at cost, less accumulated amortization, and any accumulated impairment losses.

#### Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the entity.

#### Amortization

Amortization is calculated to write off the cost of intangible assets less their estimated residual values using the diminishing balance method over their estimated useful lives, on monthly basis and is recognized in profit or loss. Amortization rate is mentioned in note 17.

Amortization on additions to intangible assets is charged on prorata basis from the month in which intangible assets is acquired or capitalized while no Amortization is charged for the month in which intangible assets is disposed off / derecognized.

Amortization methods, useful lives and residual values are reviewed at each reporting date and adjusted, if appropriate.

### 3.3 Leases

At the inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset;
- the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Company has the right to direct the use of the asset.

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date.

#### Right of use asset

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. Right of use asset is subsequently depreciated using the straight line method from the commencement date to the earlier of the end of the useful life of the right of use asset or the end of the lease term. The estimated useful lives of right of use assets are determined on the same basis as those of property, plant and equipment. In addition, right of use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability. Rates of depreciation are mentioned in note 15.1.

The Company presents right of use assets that do not meet the definition of investment property in 'property, plant and equipment' in the statement of financial position.

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

### Lease liabilities

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- variable lease payment that are based on an index or a rate;
- amounts expected to be payable by the lessee under residual value guarantees;
- the exercise price of a purchase option if the lessee is reasonably certain to exercise that option, and
- payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments.

### Short term leases and low-value assets

The Company has elected not to recognize right of use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and the leases of low-value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

### 3.4 Investment property

Investment property is initially measured at cost and subsequently at fair value with any change therein recognized in profit or loss. Any gain or loss on disposal of investment property (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognized in profit or loss. When investment property that was previously classified as property, plant and equipment is sold, any related amount included in the revaluation reserve is transferred to retained earnings.

### 3.5 Investments

All purchases and sale of investments are recognized using settlement date accounting that is, the date on which investments are delivered to or by the Company. All investments are derecognized when the right to receive economic benefits from the investments has expired or has been transferred and the Company has transferred substantially all the risks and rewards of ownership.

#### 3.5.1 Investments in subsidiaries

Investments in subsidiaries are initially recognized at cost. At subsequent reporting dates, recoverable amounts are estimated to determine the extent of impairment loss, if any, and carrying amounts of investments are adjusted accordingly. Impairment losses are recognized as expense in profit or loss. Where impairment losses subsequently reverse, the carrying amounts of the investments are increased to their revised recoverable amounts but limited to the extent of initial cost of investments. Reversal of impairment loss is recognized in the profit or loss.

The profits and losses of subsidiaries are carried forward in their financial statements and not dealt within these unconsolidated financial statements except to the extent of dividend declared by the subsidiaries. Gain and losses on disposal of investments is included in other income. When the disposal of investment in subsidiary resulted in loss of control such that it becomes an associate the retained investment is carried at fair value.

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

### 3.5.2 Investments in associates and jointly controlled entities

#### Associates

Investments in associates, where the Company has significant influence but not control over the financial and operating policies, are classified as fair value through profit or loss [Refer note 3.5.3].

#### Jointly controlled entities

Investments in jointly controlled entities are initially recognized at cost. At subsequent reporting date, the recoverable amounts are estimated to determine the extent of impairment losses, if any, and carrying amounts of investments are adjusted accordingly. Impairment losses are recognized as expense in the unconsolidated profit or loss. Where impairment losses subsequently reverse, the carrying amounts of the investments are increased to the revised recoverable amounts but limited to the extent of initial cost of investments. A reversal of impairment loss is recognized in the unconsolidated profit or loss. Gain and losses on disposal of investment is included in other income.

The profits or losses of jointly controlled entities are carried forward in their financial statements and not dealt within these unconsolidated financial statements except to the extent of dividend declared by the jointly controlled entity.

### 3.5.3 Investments at fair value through profit or loss

Investments which are acquired principally for the purpose of selling in the near term or the investments that are part of a portfolio of financial instruments exhibiting short term profit taking are classified as fair value through profit or loss and designated as such upon initial recognition. These are stated at fair value with any resulting gains or losses recognized directly in profit or loss. The Company recognized the regular way purchase or sale of financial assets using settlement date accounting.

### 3.6 Inventories

#### 3.6.1 Stores, spare parts and loose tools

Stores, spare parts and loose tools are valued at weighted average cost and net realizable value except for items in transit which are stated at cost incurred up to the unconsolidated statement of financial position date less impairment, if any. Cost comprises of cost of purchase and other costs incurred in bringing the items to their present location and condition. For items which are slow moving and / or identified as surplus to the Company's requirements, adequate provision is made for any excess book value over estimated net realizable value. The Company reviews the carrying amounts of stores, spare parts and loose tools on a regular basis and provision is made for obsolescence, if there is any change in usage pattern or physical form of related stores, spare parts and loose tools.

#### 3.6.2 Stock in trade

These are valued at lower of cost and net realizable value. Cost comprises of cost of purchase and other costs incurred in bringing the items to their present location and condition. Net realizable value signifies the estimated selling price in the ordinary course of business less cost necessarily to be incurred in order to make a sale. The Company reviews the carrying amount of stock in trade on a regular basis and provision is made for obsolescence, if there is any change in usage pattern or physical form of related stock in trade.

### 3.7 Financial instruments

The Company initially recognizes financial assets on the date when they are originated. Trade and other receivables are initially recognized when they are originated. All other financial assets and financial liabilities are initially recognized when the Company becomes a party to the contractual provisions of the instrument.

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

### 3.7.1 Financial assets

#### Classification

On initial recognition, a financial asset is classified as measured at:

- amortized cost;
- fair value through other comprehensive income (FVOCI); or
- fair value through profit or loss (FVTPL).

The classification of financial assets is based on the business model in which a financial asset is managed and its contractual cash flow characteristics.

#### [a] Amortized cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL: [i] it is held within a business model whose objective is to hold assets to collect contractual cash flows; and [ii] its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### [b] Fair value through other comprehensive income (FVOCI)

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL: [i] it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and [ii] its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### [c] Fair value through profit or loss (FVTPL)

All financial assets not classified as measured at amortized cost or FVOCI as described above are measured at FVTPL.

#### Subsequent measurement

|                                    |                                                                                                                                                                                                                                                                                                                                                                                                                   |
|------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Financial assets at amortized cost | These assets are measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in unconsolidated profit or loss. Any gain or loss on de-recognition is recognized in unconsolidated profit or loss.                                                                        |
| Debt investments at FVOCI          | These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognized in unconsolidated profit or loss. Other net gains and losses are recognized in unconsolidated OCI. On de-recognition, gains and losses accumulated in unconsolidated OCI are reclassified to unconsolidated profit or loss. |
| Financial assets at FVTPL          | Measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in unconsolidated profit or loss.                                                                                                                                                                                                                                                                         |
| Equity investment at FVOCI         | These assets are subsequently measured at fair value. Dividends are recognized as income in unconsolidated profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in unconsolidated OCI and are never reclassified to unconsolidated profit or loss.                                                                   |

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

### De-recognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred, or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset. Any interest in such derecognized financial assets that is created or retained by the Company is recognized as a separate asset or liability.

### 3.7.2 Financial liabilities

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in consolidated profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in consolidated statement of profit or loss. Any gain or loss on de-recognition is also included in consolidated profit or loss.

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expired. Any gain / [loss] on the recognition and de-recognition of the financial assets and liabilities is included in the consolidated statement of profit or loss for the year in which it arises.

### 3.7.3 Offsetting

Financial assets and financial liabilities are offset, and the net amount presented in the consolidated statement of financial position when, and only when, the Company currently has a legally enforceable rights to offset the amounts and intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

### 3.8 Trade and other receivables

Trade and other receivables are initially stated at fair value of consideration to be received. Subsequent to initial recognition these are carried at their amortized cost as reduced by appropriate charge for expected credit losses, if any. The Company holds the trade debts with the objective of collecting the contractual cash flows and therefore measures the trade debts subsequently at amortized cost using the effective interest method. Impairment of trade debts and other receivables is described in note 3.10.

### 3.9 Trade and other payables

Trade and other payables are initially carried at the fair value of the consideration to be paid in future for goods and services received. Subsequent to initial recognition, these are carried at amortized cost.

### 3.10 Impairment

#### 3.10.1 Impairment of financial assets

The Company recognizes loss allowance for Expected Credit Losses (ECLs) on financial assets measured at amortized cost, other than those due from the Government of Pakistan entities. For trade receivables, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

Lifetime ECLs are those that result from all possible default events over the expected life of a financial instrument. The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

At each reporting date, the Company assesses whether the financial assets carried at amortized cost are credit-impaired. A financial asset is credit-impaired when one or more events that have detrimental impact on the estimated future cash flows of the financial assets have occurred.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof.

For recognition of impairment on financial assets due from the Government of Pakistan entities, the Company assesses, at each reporting date, whether there is any objective evidence that it is impaired. A financial asset is impaired if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset, and that loss event[s] had an impact on the estimated future cash flows of that asset that can be estimated reliably. Objective evidence that financial assets are impaired includes default or delinquency by a debtor, restructuring of an amount due to the Company on terms that the Company would not consider otherwise, indications that a debtor or issuer will enter bankruptcy, adverse changes in the payment status of borrowers or issuers, economic conditions that correlate with defaults or the disappearance of an active market for a security.

### 3.10.2 Impairment of non-financial assets

The carrying amount of the Company's assets are reviewed at each reporting date to determine whether there is any indication of impairment loss. If any such indication exists, recoverable amount is estimated in order to determine the extent of the impairment loss, if any. The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In the absence of any information about the fair value of a cash-generating unit, the recoverable amount is deemed to be the value in use. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

An impairment loss is recognized if the carrying amount of an asset or its cash-generating unit exceeds its estimated recoverable amount. Impairment losses are recognized in consolidated statement of profit or loss. Impairment losses in respect of cash-generating units are allocated to the carrying amounts of assets in the cash-generating unit group on pro-rata basis. An impairment loss is reversed only to the extent that the asset carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

### 3.11 Provisions

A provision is recognized in the statement of financial position when the Company has a legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax discount rate that reflects current market assessment of time value of money and risk specific to the liability. The unwinding of discount is recognized as finance cost.

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

### 3.12 Contingent liabilities

A contingent liability is disclosed when the Company has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Company; or the Company has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

### 3.13 Share capital and dividend

Ordinary shares are classified as equity and recognized at their face value. Dividend distribution to the shareholders is recognized as liability in the period in which it is declared.

### 3.14 Employee benefits

#### 3.14.1 Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

#### 3.14.2 Defined contribution plan – Provident Fund

The Company operates a defined contribution provident fund scheme for permanent employees. Contributions to the fund are made monthly by the Company and employees at an agreed rate of salary, the fund is managed by its Board of Trustee. The contributions of the Company are charged to profit or loss.

#### 3.14.3 Defined benefit plans

##### [a] Gratuity

The Company operates defined benefit plan comprising an unfunded gratuity scheme covering all eligible employees completing the minimum qualifying period of service as specified by the scheme.

The Company's net liability in respect of this defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods and discounting that amount.

The calculation of defined benefit liability is performed annually by a qualified actuary using the projected unit credit method [PUC].

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses are recognized immediately in other comprehensive income. The Company determines the net interest expense on the net defined benefit liability for the year by applying the discount rate used to measure the defined benefit liability at the beginning of the annual period to the net defined benefit liability, taking into account any changes in the net defined benefit liability during the year as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in profit or loss.

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in profit or loss. The Company recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

### (b) Compensated leave absences

The Company operates defined benefit plan comprising an unfunded compensated leave absences scheme covering all eligible employees as specified by the scheme.

The Company recognizes provision for compensated absences on the un-availed balance of privilege leaves of all its permanent employees. The calculation of defined benefit liability is performed annually by a qualified actuary using the projected unit credit method (PUC) and related expense related to defined benefit plans are recognized in profit or loss.

### 3.15 Income tax

Income tax expense comprises current and deferred tax. It is recognized in profit or loss except to the extent that it relates to a business combination, or items recognized directly in equity or in OCI.

#### Current tax

Provision for current tax is based on taxable income for the year at the applicable tax rates after taking into account tax credit and tax rebates, if any and any adjustment to tax payable in respect of previous year.

#### Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognized for:

- temporary differences on initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on business plans for the Company and the reversal of temporary differences. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves. Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantially enacted at the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. For this purpose, the carrying amount of investment property measured at fair value is presumed to be recovered through sale, and the Company has not rebutted this assumption. Deferred tax assets and liabilities are offset if certain criteria are met.

### 3.16 Revenue recognition

The Company generates revenue from room rentals, food and beverages sales, shop license fees and revenue from minor operating departments.

#### 3.16.1 Revenue from contracts with customers

The following table provides information about the nature and timing of the satisfaction of performance obligations in contracts with customers including significant payment terms, and the related revenue recognition policies.

| Type of services                        | Nature and timing of satisfaction of performance obligations, including significant payment terms                                                                                                                                                                                                                                                                                        | Revenue recognition policy                                                                                                     |

| Room revenue                            | The performance obligation is satisfied at the point in time when control of room is transferred to the customer, which is mainly at the time of handing over of room key. There is no financing component involved. Discounts are offered to the customers at the management's discretion.                                                                                              | Room revenue is recognized on the rooms occupied on daily basis and after completing all other obligation related to the room. |
| Food and beverages revenue              | The performance obligation is satisfied at the point in time when food and beverages are served to the customer. For service charges levied on food and beverages, the performance obligation is satisfied at the point in time when the food and beverages are served. There is no financing component involved. Discounts are offered to the customers at the management's discretion. | Food and beverages revenue is recognized on consumption of food and beverages by the customer.                                 |
| Revenue from other related services     | The performance obligation is satisfied at the point in time / over time when services are provided to the customer. There is no financing component involved. Discounts are offered to the customers at the management's discretion.                                                                                                                                                    | Revenue from other related services is recognized when the services are provided.                                              |
| Revenue from franchise & management fee | The performance obligation is satisfied over time when franchise rights and management services are provided to the customer. There is no financing component involved.                                                                                                                                                                                                                  | Revenue from franchise & management fee other related services is recognized when the services are provided.                   |

#### Contract cost

cost is the incremental cost that the Company incurs to obtain a contract with customers that it would not have incurred if the contract had not been obtained. The Company recognized contract cost as an expense in the statement of profit or loss on a systematic pattern of revenue.

#### Contract assets

The contract assets primarily relate to the Company's right to consideration for service provided but not billed at the reporting date. The contract assets are transferred to trade debts when the rights become unconditional. This usually occurs when the Company issue an invoice to the customer.

#### Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company transfer services to a customer, a contract liability is recognized when the payment is made. Contract liabilities are recognized as revenue when the Company performs its performance obligation under the contract.

### 3.16.2 Other income

Communication towers and other rental income is recognized on a straight-line basis over the agreed terms. The performance obligation is satisfied over time as the customer simultaneously receives and consumes the benefits. Other income is recognized on an accrual basis. Gains and losses arising from incidental activities to main revenue generating activities and those arising from a group of similar transactions which are not material, are aggregated, reported and presented on a net basis.

### 3.17 Non-current assets held for sale

Non-current assets are classified as held-for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use. Such assets are measured at the lower of their carrying amount and fair value less costs to sell. Impairment losses, if any, on initial classification as held-for-sale and subsequent gains and losses on remeasurement are recognized in profit or loss. Once classified as held-for-sale, property, plant and equipment are no longer amortized or depreciated.

### 3.18 Foreign currency transactions and translation

Transactions in foreign currencies are translated in PKR [functional and presentation currency] at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies are translated into PKR at the rates of exchange approximating those prevalent at the date of unconsolidated statement of financial position. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations of monetary assets and liabilities denominated in foreign currencies are recognized in the unconsolidated profit or loss.

### 3.19 Operating profit

Operating profit is the result generated from continuing principal revenue producing activities of the Company as well as other income and expenses related to operating activities. Operating profit excludes finance income, finance costs, income taxes and reversals of impairment.

### 3.20 Finance income and finance costs

The Company's finance income and finance costs include interest income, dividend income, interest expense, foreign currency gain or loss on financial assets and financial liabilities. Interest income or expense is recognized using the effective interest method. Dividend income is recognized in profit or loss on the date on which the Company's right to receive payment is established.

Mark-up, interest and other charges on borrowings used for the acquisition and construction of qualifying assets are capitalized up to the date when the qualifying assets are substantially ready for their intended use. Borrowing cost is included in the related property, plant and equipment acquired/constructed out of the proceeds of such borrowings.

### 3.21 Government grant

The Company recognizes government grants as deferred income at fair value when there is reasonable assurance that they will be received, and the Company will comply with the conditions associated with grant. Grants that compensate the Company for expenses incurred, are recognized on a systematic basis in the income for the year in which the related expenses are recognized. Grants that compensate for the cost of an asset are recognized in income on a systematic basis over the expected useful life of the related asset.

### 3.22 Ijarah contracts

Assets held under Ijarah arrangement are not recognized in the Company's unconsolidated statement of financial position. Payments made under Ijarah contracts are charged to profit or loss on a straight-line basis over the term of the Ijarah lease arrangement.

### 3.23 Cash and cash equivalents

Cash and cash equivalents comprise cash and bank balances, short term investments and short-term borrowings under mark-up arrangements, used by the Company in the management of its short-term commitments.

### 3.24 Fair value measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Company uses valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

If an asset or a liability measured at fair value has a bid price and an ask price, then the Company measures assets and long positions at a bid price and liabilities and short positions at an ask price.

The best evidence of the fair value of a financial instrument on initial recognition is normally the transaction price – i.e. the fair value of the consideration given or received. If the Company determines that the fair value on initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on a valuation technique for which any unobservable inputs are judged to be insignificant in relation to the measurement, then the financial instrument is initially measured at fair value, adjusted to defer the difference between the fair value on initial recognition and the transaction price. Subsequently, that difference is recognized in profit or loss on an appropriate basis over the life of the instrument but not later than when the valuation is wholly supported by observable market data or the transaction is closed out.

### 3.25 Earnings per share

The Company presents basic and diluted earnings per share (EPS). Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for the effects of all dilutive potential ordinary shares.

### 3.26 Standards, Interpretations and Amendments to the Approved Accounting Standards that are not yet effective

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after 01 July 2021:

- Interest Rate Benchmark Reform – Phase 2 which amended IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 is applicable for annual financial periods beginning on or after 1 January 2021, with earlier application permitted. The amendments introduce a practical expedient to account for modifications of financial assets or financial liabilities if a change results directly from IBOR reform and occurs on an 'economically equivalent' basis. In these cases, changes will be accounted for by updating the effective interest rate. A similar practical expedient will apply under IFRS 16 for lessees when accounting for lease modifications required by IBOR reform. The amendments also allow a series of exemptions from the regular, strict rules around hedge accounting for hedging relationships directly affected by the interest rate benchmark reforms. The amendments apply retrospectively with earlier application permitted. Hedging relationships previously discontinued solely because of changes resulting from the reform will be reinstated if certain conditions are met.
- COVID-19-Related Rent Concessions (Amendment to IFRS 16) – the International Accounting Standards Board (the Board) has issued amendments to IFRS 16 (the amendments) to provide practical relief for lessees in accounting for rent concessions. The amendments are effective for periods beginning on or after 1 June 2020, with earlier application permitted. Under the standard's previous requirements, lessees assess whether rent concessions are lease modifications and, if so, apply the specific guidance on accounting for lease modifications. This generally involves remeasuring the lease liability using the revised lease payments and a revised discount rate. In light of the effects of the COVID-19 pandemic, and the fact that many lessees are applying the standard for the first time in their financial statements, the Board has provided an optional practical expedient for lessees. Under the practical expedient, lessees are not required to assess whether eligible rent concessions are lease modifications, and instead are permitted to account for them as if they were not lease modifications.

The practical expedient introduced in the 2020 amendments only applied to rent concessions for which any reduction in lease payments affected payments originally due on or before 30 June 2021. In light of persistence of economic challenges posed by the COVID-19 pandemic, the Board has extended the practical expedient for COVID-19 related rent concessions by one year i.e. permitting lessees to apply it to rent concessions for which any reduction in lease payments affects only payments originally due on or before 30 June 2022.

Rent concessions are eligible for the practical expedient if they occur as a direct consequence of the COVID-19 pandemic and if all the following criteria are met:

- the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- any reduction in lease payments affects only payments originally due on or before 30 June 2022; and
- there is no substantive change to the other terms and conditions of the lease.
- Onerous Contracts – Cost of Fulfilling a Contract (Amendments to IAS 37) effective for the annual periods beginning on or after 1 January 2022 amends IAS 1 by mainly adding paragraphs which clarify what comprises the cost of fulfilling a contract. Cost of fulfilling a contract is relevant when determining whether a contract is onerous. An entity is required to apply the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Restatement of comparative information is not required, instead the amendments require an entity to recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application.

## FOR THE YEAR ENDED 30 JUNE 2021

- The following annual improvements to IFRS Standards 2018-2020 are effective for annual reporting periods beginning on or after 1 January 2022.
  - IFRS 9 – The amendment clarifies that an entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf, when it applies the '10 per cent' test in paragraph B3.3.6 of IFRS 9 in assessing whether to derecognize a financial liability.
  - IFRS 16 – The amendment partially amends Illustrative Example 13 accompanying IFRS 16 by excluding the illustration of reimbursement of leasehold improvements by the lessor. The objective of the amendment is to resolve any potential confusion that might arise in lease incentives.
- IAS 41 – The amendment removes the requirement in paragraph 22 of IAS 41 for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique.
- Property, Plant and Equipment: Proceeds before Intended Use [Amendments to IAS 16] effective for annual periods beginning on or after 1 January 2022 clarifies that sales proceeds and costs of items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management e.g. when testing etc., are recognized in profit or loss in accordance with applicable Standards. The entity measures the cost of those items applying the measurement requirements of IAS 2. The standard also removes the requirement of deducting the net sales proceeds from cost of testing. An entity shall apply those amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments. The entity shall recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented.
- Reference to the Conceptual Framework [Amendments to IFRS 3] – Reference to the Conceptual Framework, issued in May 2020, amended paragraphs 11, 14, 21, 22 and 23 of and added paragraphs 21A, 21B, 21C and 23A to IFRS 3. An entity shall apply those amendments to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after 1 January 2022. Earlier application is permitted if at the same time or earlier an entity also applies all the amendments made by Amendments to References to the Conceptual Framework in IFRS Standards, issued in March 2018.
- Classification of liabilities as current or non-current [Amendments to IAS 1] amendments apply retrospectively for the annual periods beginning on or after 1 January 2023. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8.
- Disclosure of Accounting Policies [Amendments to IAS 1 and IFRS Practice Statement 2] – the Board has issued amendments on the application of materiality to disclosure of accounting policies and to help companies provide useful accounting policy disclosures. The key amendments to IAS 1 include:
  - requiring companies to disclose their material accounting policies rather than their significant accounting policies;
  - clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed; and
  - clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

The Board also amended IFRS Practice Statement 2 to include guidance and two additional examples on the application of materiality to accounting policy disclosures. The amendments are effective for annual reporting periods beginning on or after 1 January 2023 with earlier application permitted.

- Definition of Accounting Estimates [Amendments to IAS 8] – The amendments introduce a new definition for accounting estimates clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty.

The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that a company develops an accounting estimate to achieve the objective set out by an accounting policy. The amendments are effective for periods beginning on or after 1 January 2023, and will apply prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the company applies the amendments.

- Deferred Tax related to Assets and Liabilities arising from a Single Transaction [Amendments to IAS 12] – The amendments narrow the scope of the initial recognition exemption (IRE) so that it does not apply to transactions that give rise to equal and offsetting temporary differences. As a result, companies will need to recognise a deferred tax asset and a deferred tax liability for temporary differences arising on initial recognition of a lease and a decommissioning provision. For leases and decommissioning liabilities, the associated deferred tax asset and liabilities will need to be recognised from the beginning of the earliest comparative period presented, with any cumulative effect recognised as an adjustment to retained earnings or other components of equity at that date. The amendments are effective for annual reporting periods beginning on or after 1 January 2023 with earlier application permitted.

Sale or Contribution of Assets between an Investor and its Associate or Joint Venture [Amendments to IFRS 10 and IAS 28] – The amendment amends accounting treatment on loss of control of business or assets. The amendments also introduce new accounting for less frequent transaction that involves neither cost nor full step-up of certain retained interests in assets that are not businesses. The effective date for these changes has been deferred indefinitely until the completion of a broader review.

The Company has not yet determined the impact.

### 3.27 Change in significant accounting policy

Following new standards, amendments or interpretations became effective from 01 July 2020, but they do not have a material effect on the Company's financial statements:

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

### 10.1.5.2 Sensitivity analysis

For a change of 100 basis points, present value of defined benefit liability at reporting date would have been as follows:

|                      | 2021         |          | 2020         |          |
|----------------------|--------------|----------|--------------|----------|
|                      | Increase     | Decrease | Increase     | Decrease |
|                      | [Rupees'000] |          | [Rupees'000] |          |
| Discount rate        | 548,231      | 619,415  | 556,425      | 627,774  |
| Salary increase rate | 619,618      | 547,422  | 627,968      | 555,516  |

10.1.5.3 Although the analysis does not take into account full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

10.1.5.4 The Company's expected charge for the defined benefit liability - gratuity for the next year is Rs. 97.38 million.

### 10.1.6 Risk associated with defined benefit liability- gratuity

#### 10.1.6.1 Salary risk- [linked to inflation risk]

The risk that the final salary at the time of cessation of service is greater than what was assumed. Since the benefit is calculated on the final salary [which will closely reflect inflation and other macroeconomic factors], the benefit amount increases as salary increases.

#### 10.1.6.2 Demographic risks

**Mortality risk** - The risk that the actual mortality experience is different than the assumed mortality. This effect is more pronounced in schemes where the age and service distribution is on the higher side.

**Withdrawal risk** - The risk of actual withdrawals experience is different from assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and the entitled benefits of the beneficiary.

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

10.2.4.3 Although the analysis does not take into account full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

10.2.5 Risk associated with defined benefit liability - compensated leave absences

10.2.5.1 Salary Risk - (linked to inflation risk)

The risk that the final salary at the time of cessation of service is greater than what was assumed. Since the benefit is calculated on the final salary (which will closely reflect inflation and other macroeconomic factors), the benefit amount increases as salary increases.

10.2.5.2 Demographic Risks

Mortality Risk - The risk that the actual mortality experience is different than the assumed mortality. This effect is more pronounced in schemes where the age and service distribution is on the higher side.

Withdrawal Risk - The risk of actual withdrawals experience is different from assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and the entitled benefits of the beneficiary.

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

15.1.2 The operating fixed assets are secured against various loans availed by the Company. Refer note 8 and 11.

### 15.1.3 Revaluation surplus on property, plant and equipment

Freehold and leasehold land were revalued on 30 June 2020 by an independent valuer, based on market value basis method. The fair value when determined falls under level 3 hierarchy. Sensitivity analysis has not been presented since data about observable inputs is not available.

Had the aforementioned revaluation not carried out, the book value of freehold and leasehold land would have been Rs. 252.67 million [2020: Rs. 766.26 million].

15.1.4 The forced sale value of the revalued land has been assessed at Rs. 22,652 million [2020: Rs. 23,019 million].

The relevant documents provide for indemnification by the Seller's against all losses, detriments occasioned to or sustained/suffered by the Purchaser due to any defect in the title of the Seller. The Company also paid regularization fee amounting to Rs. 301.65 million to the Land Utilization Department Govt. of Sindh on her behalf through Challan.                          |                      |           |

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

Legal proceedings of the above said piece of land were instituted in the Courts of Law, the Company being aggrieved and dissatisfied with a impugned judgment of High Court against dismissal of its Constitution Petition has filed a Civil Petition for Leave to Appeal (CPLA) before Hon'ble Supreme Court of Pakistan and presently the matter is pending adjudication before the Apex Court and Company is diligently pursuing the same. The Company is hopeful of a favorable result. However, even if there is an adverse decision as per legal opinion, the Company would be entitled to recover the amounts from the Seller as well as from the relevant Government Department. In this regard the paid Challan for regularization fee also states that "Subject to the condition that the land in question is available on site and the lease money may be deposited into Government Treasury in the relevant Head of Accounts by the depositor at his own risk. In case if any irregularity/ false information/ concealment of facts / stay of court is noticed hereafter, the malkano amount paid to this effect by the depositor shall be reimbursed.

- 16.3 This represents advance amount paid for purchase of land situated at Kuri Road, Islamabad, the vendor failed to get the land transferred in the name of the Company within stipulated time, and the Company is pursuing of recovery of this amount, which is not envisaged in foreseeable future, therefore, impairment loss of Rs. 40 million [2020: Nil] has been recognized against this advance.

### 38.2 Tax related contingencies

#### Income tax

- i The income tax assessments of the Company have been finalised and returns have been filed up to and including the tax year 2020. However, for the assessment year 1999-2000, an appeal is pending with the Appellate Tribunal, Inland Revenue. In case of adverse decision of the appeal, the tax liability of Rs. 73.165 million [2020: Rs. 73.165 million] may arise against the Company for which no provision has been recognised by the Company. These comprise of disallowances of certain expenses and arbitrary additions to the income of the Company. Based on appellate history and merits, the Company is confident of a favorable outcome of the appeal. Therefore, the Company considers that provision against this tax liability is not required.
- ii In June 2020, the taxation officer amended the assessment for the tax year 2014 by disallowing various expenses and raising tax demand of Rs. 1,400 million. On appeal filed by the Company against the assessment order before the Commissioner Inland Revenue [Appeals-II] Karachi [CIR(A)], the CIR(A) through his order dated 15 October 2020 has remanded the case back to the taxation officer for re-examination and re-consideration of the facts of the case. As of date no action is taken by the taxation officer; however based on the appellate history and merits, the Company is confident of favorable outcome of the case and hence a provision on this matter has not been recognized.
- iii The inland revenue officer passed an order under section 122(5A) of the Income Tax Ordinance, 2001 for tax year 2008 to frame impugned tax demand of Rs.30.12 million by disallowing few expenses. On appeal filed by the Company before the CIR(A) against the assessment order of the taxation officer, the CIR(A) remanded the case back to the taxation officer for fresh proceeding. The appellate Order of the CIR(A) was however challenged by the Department before the honorable Appellate Tribunal Inland Revenue [Tribunal]; whereby the Tribunal through its order dated 22 January 2021 has upheld the order of the CIR(A). Based on the appellate history and merits, the Company is confident of favorable outcome of the case and hence a provision on this matter has not been recognized.

#### Sales tax

- i. Sales Tax Collectorate, Lahore created the sales tax liability amounting to Rs. 9.571 million on the basis of audit proceedings for the year 1997-98 that the Company provided out door catering to PIA without payment of sales tax. The Additional Collector disposed off the above referred audit observations. The department filed appeal before the Appellate Tribunal Inland Revenue [ATIR].The ATIR set aside order of Additional Collector through order no. 1394/LB/09 dated 13 May 2011. The Company filed reference application no. 128/2011 before the Honorable Lahore High Court dated 12 September 2011 against the order passed by ATIR and hence a provision on this matter has not been recognized.
- ii. The Additional Collector, Lahore disallowed the input tax relating to purchase of certain items amounting to Rs. 7.22 million during the period of October 2000 and June 2002 on the basis of section 8(1) of the Sales Tax Act, 1990 read with SRO 578(1)/98 dated 12 June 1998. The Company filed appeal before the Appellate Tribunal Inland Revenue [ATIR], while the ATIR upheld the order of Additional Collector, Lahore. The Company filed reference application before the Lahore High Court on 24 September 2011 against the order passed by ATIR and hence a provision on this matter has not been recognized.
- iii. The Deputy Commissioner Inland Revenue, Zone IV, Large Taxpayer Unit, Karachi based upon the sales tax audit for the year 2008-09, passed Order in Original 52/2013 dated 28 June 2013 against which the Company filed appeal before the Commissioner Appeals, Karachi. The Commissioner Appeals remanded back the case to department against which department is in appeal before the Appellate Tribunal Inland Revenue [ATIR], the assessing officer, during remand back proceedings, decided the case against the Company by raising total demand along with default surcharge and penalty aggregating to Rs. 49,393,192. The Company has filed appeal against said order before Commissioner Inland revenue [CIR], during the period, the CIR remanded the case back for de-novo consideration and hence a provision on this matter has not been recognized.

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

44.2 The Company has not disclosed the fair values for these financial assets and financial liabilities, because their carrying amounts are reasonable approximation of fair value.

44.3 It excludes, federal excise duty, bed tax and sales tax payable, banquet / beverage tax, unearned income and income tax deducted at source.

### Financial risk management

The Company has exposure to the following risks arising for financial instruments:

- Credit risk [note 44.4 ]
- Liquidity risk [note 44.5]
- Market risk [note 44.6]

### Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the risk management committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

### 44.4 Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's trade debts from customers.

The carrying amount of financial assets and contract assets represent the maximum credit exposure.

Expected credit losses on financial assets and contract assets recognised in unconsolidated profit or loss were as follows.

|                                                                                                              | 2021          | 2020    |

| Expected credit [reversals] / losses on trade debts and contract assets arising from contract with customers | (122,392)     | 116,986 |

### i Trade debts and contract assets

The Company's exposure to credit risk is influenced mainly by the individual's characteristics of each customer. However, management also considers the factors that may influence the credit risk of customer base, including the default risk associated with the industry and the region in which the customers operate. Detail of concentration of revenue are included in note 30.1.

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

The risk management committee has established a credit policy under which each new customer is analyzed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available, financial statements, credit agency information, industry information and in some cases bank references. Credit limits are established for each customer and are reviewed regularly. Any sales exceeding those limits require approval from appropriate management level.

The Company limits its exposure to credit risk from trade debts by establishing a maximum payment period for each corporate customer based on the management assessment of risk.

Maximum of the Company's customers have been transacting with the Company for many years and none of these customers' balances have been written off or are credit-impaired at the reporting date. In monitoring customer credit risk, customers are grouped according to their credit characteristics, their geographical location, industry, trading history with the Company and existence of previous financial difficulties.

At reporting date, the exposure to credit risk for trade debts and contract assets by geographical regions was as follows.

## FOR THE YEAR ENDED 30 JUNE 2021

### Expected credit loss assessment for corporate customers

The Company allocates each exposure to a credit risk based on data that is determined to be predictive of the loss [including but not limited to external ratings, audited financial statements, management accounts, cash flow projection and available press information about customers] and applying experienced credit judgment. Credit risk are defined using qualitative and quantitative factors that are indicative of the risk of default and are aligned to external credit rating definition from agencies [Rating agencies Pakistan Credit Rating Agency (PACRA) and JCR - VIS.

Exposure within each credit risk are segmented by geographical region and an ECL rate is calculated for each segment based on delinquency status and actual credit loss experience over the past three years. These rates are multiplied by scalar factors to reflect the difference between economic conditions during the period over which the historical data has been collected, current conditions and the Company's view of economic conditions over the expected lives of the trade debts.

Scalar factors are based on GDP forecast, unemployment rate, Consumer Price Index and exchange rate which are as follows.

| Years | GDP    | Unemployment<br>rate | Consumer<br>price index | Exchange<br>rate |
|-------|--------|----------------------|-------------------------|------------------|
| 2021  | 3.80   | 11.00                | 9                       | 157.40           |
| 2020  | [0.90] | 12.40                | 9.5                     | 161.80           |
| 2019  | 1.10   | 9.9                  | 9.4                     | 150.00           |
| 2018  | 5.83   | 5.80                 | 5.33                    | 121.82           |

The Company uses an allowance matrix to measure the ECLs of trade debts from corporate customers, which comprises a very large number of small balances.

Loss rates are calculated using "roll rate" method based on the probability of a trade debt progressive through successive stages of delinquency to calculate the weighted average loss rate. Roll rates are calculated separately for exposure in different segments based on following common characteristics - geographic region and age of customer relationship.

### Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not effect profit or loss account.

### Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates at the reporting date would have increased / [decreased] equity / profit and loss by Rs. 169.318. million [2020: Rs. 163.242 million]. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for 2020.

### Other market price risk

The primary goal of the Company's investment strategy is to maximize investment returns on surplus funds. The Company adopts a policy of ensuring to minimize its price risk by investing in securities having sound market performance. Certain investments are designated at fair value through profit and loss because their performance is actively monitored and these are managed on a fair value basis. Equity price risk arises from investments at fair value through profit and loss.

### Sensitivity analysis – equity price risk

For quoted investments classified as fair value through profit and loss, a 100 basis point increase in market price at reporting date would have increased profit or loss by Rs. 6.41 million [2020: Rs. 6.23 million] an equal change in the opposite direction would have decreased profit or loss by the same amount. The analysis is performed on the same basis for 2020 and assumes that all other variables remain the same.

# NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

### 50 IMPACT OF COVID-19 ON THE FINANCIAL STATEMENTS

The novel coronavirus [COVID-19] emerged in previous year and on 11 March 2020, the World Health Organisation declared the COVID-19 outbreak to be a pandemic in recognition of its rapid spread across the globe. Many countries, including Pakistan, took stringent steps to help contain the spread of the virus, including requiring self-isolation/quarantine by those potentially affected, implementing social distancing measures, and controlling or closing borders and locking down cities and regions. The events and conditions resulted in disruption to business operations particularly to businesses in highly exposed sectors including hospitality industry and significant increase in economic uncertainty.

Due to the lockdown and restrictions imposed by the Government of Pakistan, the Company's following hotel properties remained fully/partially closed for operations:

PC Karachi partially closed from 17 March 2020 to 10 August 2020  
 PC Lahore partially closed from 23 March 2020 to 02 August 2020  
 PC Rawalpindi were fully closed from 24 March 2020 to 01 July 2020  
 PC Bhurban 19 March 2020 to 10 August 2020  
 PC Muzaffarabad fully closed from 18 March to 12 August 2020  
 Hotel One- The Mall were fully closed from 18 March 2020 to 09 July 2020

The Company's recognized revenue of Rs. 6,941 million during the year as compared to Rs. 8,168 million in the corresponding period of previous year. The decline is attributed mainly to temporary close-down of operations. There is no impact of COVID-19 on the carrying amounts of assets and liabilities. The impact of COVID-19 on restructuring of loans and the related classification are disclosed in Note 8 and 27.

The material uncertainties relating to going concern assumption, including those arising from impacts of COVID-19 alongwith information relating to management's actions and plans to mitigate adverse financial implications and operational changes are disclosed in Note 2.3.

# INDEPENDENT AUDITORS' REPORT

## TO THE MEMBERS OF PAKISTAN SERVICES LIMITED

### Report on the Audit of the consolidated Financial Statements

#### Opinion

We have audited the annexed consolidated financial statements of Pakistan Services Limited and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at 30 June 2021 and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity, the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 30 June 2021, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Material Uncertainty relating to Going Concern

We draw attention to Note 2.4 of the consolidated financial statements which states that the Group has incurred a net loss after tax of Rs. 454.615 million during the year ended 30 June 2021 and as at that date, current liabilities exceeded current assets (excluding non-current assets held for sale) by Rs. 2,561 million. These events or conditions, along with other matters as set forth in Note 2.4, indicate that a material uncertainty exists relating to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

| 3      | <p><b>Impact of COVID-19</b></p> <p>As disclosed in note 50 to the consolidated financial statements, the COVID-19 pandemic continued to have an impact resulting in disruption to business operations particularly to businesses in highly exposed sectors including hospitality industry and significant increase in economic uncertainty. Due to the lockdown and restrictions imposed by the Government of Pakistan, the Group's hotel properties remained fully/partially closed for operations during the year.</p> <p>In connection with the accounting and reporting obligations, the Company assessed the impact of COVID-19 related events on its consolidated financial statements particularly its impact on the appropriateness of the use of the going concern assumption, impairment of non-current assets and classification of long term debt obligations.</p> | <p>Our audit procedures, amongst others, included the following:</p> <ul style="list-style-type: none"> <li>● obtaining an understanding of management's assessment of impact of COVID-19 pandemic and its related implications on the preparation and presentation of consolidated financial statements;</li> <li>● evaluating appropriateness of management's assessment of going concern assumption and adequacy of related disclosures in the consolidated financial statements;</li> <li>● assessing the compliance with the terms of financing agreements, the appropriateness of classification of long-term loans and the adequacy of related disclosures in the consolidated financial statements;</li> <li>● evaluating the assessment of recoverable amounts for each cash generating unit (hotel properties and other non-current assets) to ascertain if any impairment was required to be recognized in the consolidated financial statements;</li> <li>● Involving external expert to assist in testing of assessed values used in determining recoverable amounts of cash generating units; and</li> <li>● Assessing the adequacy of disclosures in consolidated financial statements relating to impact of COVID-19 in accordance with the accounting and reporting standards as applicable in Pakistan.</li> </ul> |

### Information Other than the Consolidated Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. Other information comprises the information included in the annual report for the year ended 30 June 2021, but does not include the unconsolidated and consolidated financial statements and our auditors' reports thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

# INDEPENDENT AUDITORS' REPORT

## TO THE MEMBERS OF PAKISTAN SERVICES LIMITED

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 [XIX of 2017] and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Group's financial reporting process.

### Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated

financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditors' report is Atif Zamurrad Malik.

### 2 STATEMENT OF COMPLIANCE AND BASIS OF PREPARATION

#### 2.1 Statement of compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards), issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as notified under the Companies Act 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

In case the requirements of the Companies Act, 2017 differ from the IFRS Standards or IFAS, the requirements of the Companies Act, 2017 have been followed.

#### 2.2 Basis of consolidation

These consolidated financial statements include the financial statements of the Parent Company and the subsidiary companies together constituting “the Group”.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

### 2.2.1 Business combinations

The Group accounts for business combinations using the acquisition method when control is transferred to the Group. The consideration transferred in the acquisition is generally measured at fair value, as are the identifiable net assets acquired. Any goodwill that arises is tested annually for impairment. Any gain on a bargain purchase is recognised in consolidated statement of profit or loss immediately. Transaction costs are expensed as incurred. The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognised in consolidated statement of profit or loss. Any contingent gain is measured at fair value at the date of acquisition. If an obligation to pay contingent consideration that meets the definition of a financial instrument is classified as equity, then it is not re-measured and settlement is accounted for within equity. Otherwise, other contingent consideration is remeasured at fair value at each reporting date and subsequent changes in the fair value of the contingent consideration are recognised in consolidated statement of profit or loss.

#### Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

These consolidated financial statements include Pakistan Services Limited (PSL) and all companies in which it directly or indirectly controls, beneficially owns or holds more than 50% of the voting securities or otherwise has power to elect and appoint more than 50% of its directors [the Subsidiaries].

#### Non-controlling interests (NCI)

NCI are measured at their proportionate share of the acquiree's identifiable net assets at the date of acquisition. Changes in the Group's interest in a subsidiary, except those part of the initial acquisition transaction, that do not result in a loss of control are accounted for as equity transactions.

#### Loss of control

When the Group loses control over a subsidiary, it derecognizes the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any resulting gain or loss is recognised in consolidated statement of profit or loss. Any interest retained in the former subsidiary is measured at fair value when control is lost.

#### Interests in equity-accounted investees

The Group's interests in equity-accounted investees comprise of interests in associates and a jointly controlled entity. Associates are those entities in which the Group has significant influence, but not control over the financial and operating policies. A jointly controlled entity is an arrangement in which the Group has joint control, whereby the Group has rights to the net assets of the arrangement, rather than rights to its assets and obligations for its liabilities.

Interests in associates and the jointly controlled entity are accounted for using the equity method. They are initially recognised at cost, which includes transaction costs. Subsequent to initial recognition, the financial statements include the Group's share of the profit or loss and other comprehensive income of equity-accounted investee, until the date on which significant influence or joint control ceases.

#### Transactions elimination in consolidation

Intra-group balances and transactions, and any unrealized income and expenses arising from intra- group transactions,

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

are eliminated. Unrealized gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealized losses are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment.

### Foreign operations

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition, are translated into Pak Rupee at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into Pak Rupee at the exchange rates at the dates of the transactions. Foreign currency differences are recognised in the consolidated statement of comprehensive income, and accumulated in the foreign currency translation reserve.

When a foreign operation is disposed of in its entirety or partially such that control, significant influence or joint control is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to the consolidated profit or loss account as part of the gain or loss on disposal. When the Group disposes of only a part of an associate or jointly controlled entity while retaining significant influence or control, the relevant proportion of the cumulative amount is reclassified to consolidated statement of profit or loss.

## 2.3 Basis of measurement and preparation

These consolidated financial statements have been prepared under historical cost convention except for the following items which are measured on an alternative basis on each reporting date.

| Item                                                                    | Measurement basis                                                                      |
|-------------------------------------------------------------------------|----------------------------------------------------------------------------------------|
| Land                                                                    | Revaluation model                                                                      |
| Investment property                                                     | Fair value                                                                             |
| Investments classified as fair value through profit or loss             | Fair value                                                                             |
| Investments classified as fair value through other comprehensive income | Fair value                                                                             |
| Employee benefits - Net defined benefit liability                       | Present value of the defined benefit liability, determined through actuarial valuation |

The method used to measure fair values are disclosed in respective policy notes.

## 2.4 Going concern basis of accounting

These Consolidated financial statements have been prepared on a going concern basis, which assumes that the Group will be able to continue its operations and will discharge its liabilities including repayment of loans and interest thereon, in the normal course of business.

The Group has incurred a net loss after tax of Rs. 454.615 million during the year ended 30 June 2021 and, as at that date, current liabilities exceeded current assets [excluding non-current assets held for sale] by Rs. 2,561 million. The Group's operations were affected due to lock down measures taken by the Government of Pakistan in response to COVID-19 outbreak [refer note 50] which resulted in closing down of the hotel properties for the period from March 2020 to August 2020. Further, subsequently the operations continue to be affected on an intermittent basis due to Covid-19.

Management expects the situation to improve in subsequent period and is confident that operating cash flows will be adequate to fulfill obligations when due. The Group has successfully negotiated with banks for rescheduling of loans [refer to note 8.3] and accrued interest payments which will have a positive impact on the Group's liquidity. Further, the lockdown restrictions have been relaxed, and the Parent Company's hotel properties have resumed operations and management expects that room occupancy and sales at its hotels will improve further.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

Management acknowledges that material uncertainty remains over the Group's ability to meet its funding requirements. However, as described above, management has a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. If for any reason the Group is unable to continue as going concern, then this could have an impact on the Group's ability to realize assets, and to extinguish its liabilities in the normal course of business.

### 2.5 Functional and presentation currency

These consolidated financial statements are presented in Pak Rupees (Rupee or PKR), which is the Group's functional currency. All amounts have been rounded to the nearest thousand, unless otherwise indicated.

### 2.6 Use of estimates and judgments

In preparing these consolidated financial statements, management has made judgments, estimates and assumptions that affect the application of the Group's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

The areas where various assumptions and estimates are significant to the Group's consolidated financial statements or where judgment was exercised in application of accounting policies are as follows:

- Note 3.1 & 16.1 useful lives, reassessed values, residual values and depreciation method of property, -plant and equipment
- Note 3.2 & 18 - Intangible asset
- Note 3.4 & 19 fair value of investment property
- Note 3.5 & 23 provision for slow moving inventories
- Note 15 recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;
- Note 3.13 & 10 measurement of defined benefit obligations: key actuarial assumptions
- Note 3.14 & 11 recognition of deferred tax liabilities and estimation of income tax provisions
- Note 3.9 & 25 - measurement of allowance for expected credit loss
- Note 20 Accounting for investments in associates
- Note 2.4 - going concern basis of accounting
- Note 3.3 & 9 - Leases: present value measurement of lease liabilities, determining lease term and whether a contract is or contains a lease and depreciation of right of use assets
- Note 3.16 & 28 - non-current assets held for sale - clarification and determining the fair value less cost to sell
- Note 3.15 & 31 - Revenue recognition

#### Measurement of fair values

A number of the Group's accounting policies and disclosures require the measurement of fair value, both for financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. Management has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

Management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of the approved accounting standards as applicable in Pakistan, including the level in the fair value hierarchy in which the valuations should be classified.

When measuring the fair value of an asset or a liability, the Group uses market observable data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows;

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

### 3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies as set out below have been applied consistently to all periods presented in these consolidated financial statements.

#### 3.1 Property, plant and equipment and advance for capital expenditure

##### Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and any accumulated impairment losses except for:

- land (free hold and lease hold) which is carried at revalued amount
- capital work in progress and advance for capital expenditure which are stated at cost less impairment loss, if any.

Land (free hold and lease hold) are recognized at revalued amounts based on valuation by external independent valuer. Long term leases of land in which the Group obtains control of the land are accounted for as property, plant and equipment and presented as 'leasehold land'. Revaluation surplus on property, plant and equipment is credited to a capital reserve in shareholders' equity and presented as a separate line item in statement of financial position. Increases in the carrying amounts arising on revaluation of land are recognized, in other comprehensive income and accumulated in revaluation surplus in shareholders' equity. To the extent that increase reverses a decrease previously recognized in profit or loss, the increase is first recognized in profit or loss. Decreases that reverse previous increases of the same asset are first recognized in other comprehensive income to the extent of the remaining surplus attributable to the asset; all other decreases are charged to profit or loss.

Cost comprises of purchase price and other directly attributable costs less refundable taxes. The cost of self-constructed assets includes the cost of materials and direct labor, any other costs directly attributable to bringing the assets to a working condition for their intended use. The completed or / acquired capital work in progress and advance for capital expenditure is transferred to the respective item of operating fixed assets when it becomes available for intended use.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Gain or loss on disposal of an item of property, plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and is recognized in profit or loss.

### Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

### Depreciation

Depreciation is calculated to write off the cost of items of property, plant and equipment less their estimated residual values using the diminishing balance method over their estimated useful lives, and is generally recognised in consolidated statement of profit or loss at rates given in note 16 to these consolidated financial statements. Leased assets are depreciated over the shorter of the leased term and their useful lives unless it is reasonably certain that the Group will obtain ownership by the end of the lease term. Land and capital work in progress is not depreciated. Rates of depreciation are mentioned in note 16.1 to these consolidated financial statements.

Depreciation on additions to property, plant and equipment is charged on prorata basis from the month in which property, plant and equipment is acquired or capitalized while no depreciation is charged for the month in which property, plant and equipment is disposed of / derecognized.

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

## 3.2 Intangible asset

Intangible assets are measured at cost, less accumulated amortization, and any accumulated impairment losses.

### Subsequent expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

### Amortization

Amortization is calculated to write off the cost of intangible assets less their estimated residual values using the diminishing balance method over their estimated useful lives, on monthly basis and is recognized in profit or loss. Amortization rate is mentioned in note 18.

Amortization on additions to intangible assets is charged on prorata basis from the month in which intangible assets is acquired or capitalized while no Amortization is charged for the month in which intangible assets is disposed off / derecognized.

Amortization methods, useful lives and residual values are reviewed at each reporting date and adjusted, if appropriate.

## 3.3 Leases

At the inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

- the contract involves the use of an identified asset;
- the Group has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Group has the right to direct the use of the asset.

The Group recognizes a right-of-use asset and a lease liability at the lease commencement date.

### Right of use asset

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. Right of use asset is subsequently depreciated using the straight line method from the commencement date to the earlier of the end of the useful life of the right of use asset or the end of the lease term. The estimated useful lives of right of use assets are determined on the same basis as those of property, plant and equipment. In addition, right of use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability. Rates of depreciation are mentioned in note 16.1.

The Group presents right of use assets that do not meet the definition of investment property in 'property, plant and equipment' in the statement of financial position.

### Lease liabilities

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- variable lease payment that are based on an index or a rate;
- amounts expected to be payable by the lessee under residual value guarantees;
- the exercise price of a purchase option if the lessee is reasonably certain to exercise that option, and
- payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments.

### Short term leases and low-value assets

The Group has elected not to recognize right of use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and the leases of low-value assets. The Group recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

### 3.4 Investment property

Investment property is initially measured at cost and subsequently at fair value with any change therein recognized in profit or loss.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

Any gain or loss on disposal of investment property (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognized in profit or loss.

When investment property that was previously classified as property, plant and equipment is sold, any related amount included in the revaluation reserve is transferred to retained earnings.

### 3.5 Inventories

#### 3.5.1 Stores, spare parts and loose tools

Stores, spare parts and loose tools are valued at weighted average cost except for items in transit which are stated at cost incurred up to the reporting date less impairment, if any. For items which are slow moving and / or identified as surplus to the Group's requirements, adequate provision is made for any excess book value over estimated net realizable value. The Group reviews the carrying amount of stores, spare parts and loose tools on a regular basis and provision is made for obsolescence, if there is any change in usage pattern and physical form of related stores, spare parts and loose tools.

#### 3.5.2 Stock in trade

These are valued at lower of cost and net realizable value. Cost comprises cost of purchases and other costs incurred in bringing the items to their present location and condition. Net realizable value signifies the estimated selling price in the ordinary course of business less costs necessarily to be incurred in order to make a sale.

The Group reviews the carrying amount of stock in trade on a regular basis and provision is made for obsolescence, if there is any change in usage pattern or physical form of related stock in trade.

### 3.6 Financial instruments

The Group initially recognizes financial assets on the date when they are originated. Trade and other receivables are initially recognized when they are originated. All other financial assets and financial liabilities are initially recognized when the Group becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

#### 3.6.1 Financial asset

##### Classification

On initial recognition, a financial asset is classified as measured at:

- amortized cost;
- fair value through other comprehensive income (FVOCI); or
- fair value through profit or loss (FVTPL).

The classification of financial assets is based on the business model in which a financial asset is managed and its contractual cash flow characteristics.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

### a) Amortized cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL: (i) it is held within a business model whose objective is to hold assets to collect contractual cash flows; and (ii) its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

### b) Fair value through other comprehensive income (FVOCI)

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL: (i) it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and (ii) its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

### c) Fair value through profit or loss (FVTPL)

All financial assets not classified as measured at amortized cost or FVOCI as described above are measured at FVTPL.

#### Subsequent measurement

| Financial assets at amortised cost | Measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in consolidated profit or loss. Any gain or loss on de-recognition is recognized in consolidated profit or loss.                                                                                     |
| Debt investments at FVOCI          | These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognized in consolidated profit or loss. Other net gains and losses are recognized in consolidated OCI. On de-recognition, gains and losses accumulated in consolidated OCI are reclassified to consolidated profit or loss. |
| Financial assets at FVTPL          | Measured at fair value. Net gains and losses, including any interest or dividend income, are recognized in consolidated profit or loss.                                                                                                                                                                                                                                                                   |
| Equity investment at FVOCI         | These assets are subsequently measured at fair value. Dividends are recognized as income in consolidated profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in consolidated OCI and are never reclassified to consolidated profit or loss.                                                                 |

#### De-recognition

The Group derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred, or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset. Any interest in such derecognized financial assets that is created or retained by the Group is recognized as a separate asset or liability.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

### 3.6.2 Financial liabilities

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in consolidated profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in consolidated statement of profit or loss. Any gain or loss on de-recognition is also included in consolidated profit or loss.

The Group derecognizes a financial liability when its contractual obligations are discharged or cancelled or expire. Any gain / (loss) on the recognition and de-recognition of the financial assets and liabilities is included in the consolidated statement of profit or loss for the period in which it arises.

### 3.6.3 Offsetting

Financial assets and financial liabilities are offset, and the net amount presented in the consolidated statement of financial position when, and only when, the Group currently has a legally enforceable right to offset the amounts and intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

### 3.7 Trade and other receivables

Trade and other receivables are initially stated at fair value of consideration to be received. Subsequent to initial recognition these are carried at their amortized cost as reduced by appropriate charge for expected credit losses, if any. The Group holds the trade debts with the objective of collecting the contractual cash flows and therefore measures the trade debts subsequently at amortized cost using the effective interest method. Impairment of trade debts and other receivables is described in note 3.9.

### 3.8 Trade and other payables

Trade and other payables are initially carried at the fair value of the consideration to be paid in future for goods and services received. Subsequent to initial recognition, these are carried at amortized cost.

### 3.9 Impairment

#### 3.9.1 Impairment of financial assets

The Group recognizes loss allowance for Expected Credit Losses (ECLs) on financial assets measured at amortized cost, other than those due from the Government of Pakistan entities. For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

Lifetime ECLs are those that result from all possible default events over the expected life of a financial instrument. The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

At each reporting date, the Group assesses whether the financial assets carried at amortized cost are credit-impaired. A financial asset is credit-impaired when one or more events that have detrimental impact on the estimated future cash flows of the financial assets have occurred.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. The gross carrying amount of a financial asset is written off when the Group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof.

For recognition of impairment on financial assets due from the Government of Pakistan entities, the Group assesses, at each reporting date, whether there is any objective evidence that it is impaired. A financial asset is impaired if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset, and that loss event(s) had an impact on the estimated future cash flows of that asset that can be estimated reliably. Objective evidence that financial assets are impaired includes default or delinquency by a debtor, restructuring of an amount due to the Group on terms that the Group would not consider otherwise, indications that a debtor or issuer will enter bankruptcy, adverse changes in the payment status of borrowers or issuers, economic conditions that correlate with defaults or the disappearance of an active market for a security.

### 3.9.2 Impairment of non-financial assets

The carrying amount of the group's assets are reviewed at each reporting date to determine whether there is any indication of impairment loss. If any such indication exists, recoverable amount is estimated in order to determine the extent of the impairment loss, if any. The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In the absence of any information about the fair value of a cash-generating unit, the recoverable amount is deemed to be the value in use. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets [the "cash-generating unit"].

An impairment loss is recognized if the carrying amount of an asset or its cash-generating unit exceeds its estimated recoverable amount. Impairment losses are recognized in consolidated statement of profit or loss. Impairment losses in respect of cash-generating units are allocated to the carrying amounts of assets in the cash-generating unit group on pro-rata basis. An impairment loss is reversed only to the extent that the asset carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

### 3.10 Provisions

A provision is recognised in the statement of financial position when the Group has a legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax discount rate that reflects current market assessment of time value of money and risk specific to the liability. The unwinding of discount is recognised as finance cost.

### 3.11 Contingent liabilities

A contingent liability is disclosed when the Group has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Group; or the Group has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

of the obligation cannot be measured with sufficient reliability.

### 3.12 Share capital and dividend

Ordinary shares are classified as equity and recognised at their face value. Dividend distribution to the shareholders is recognised as liability in the period in which it is declared.

### 3.13 Employee benefits

#### 3.13.1 Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

#### 3.13.2 Defined contribution plan – Provident fund

The Group operates a defined contribution provident fund scheme for permanent employees. Contributions to the fund are made monthly by the Group and employees at an agreed rate of salary, the fund is managed by its Board of Trustees. The contributions of the Group are charged to consolidated statement of profit or loss.

#### 3.13.3 Defined benefit plans

The Group operates the following defined benefit plans:

##### [a] Gratuity

The Group operates defined benefit plan comprising an unfunded gratuity scheme covering all eligible employees completing the minimum qualifying period of service as specified by the scheme.

The Group's net liability in respect of this defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods and discounting that amount.

The calculation of defined benefit liability is performed annually by a qualified actuary using the projected unit credit method [PUC].

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses are recognised immediately in consolidated statement of comprehensive income. The Group determines the net interest expense on the net defined benefit liability for the year by applying the discount rate used to measure the defined benefit liability at the beginning of the annual period to the then-net defined benefit liability, taking into account any changes in the net defined benefit liability during the year as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in consolidated statement of profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in consolidated statement of profit or loss. The Group recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

## FOR THE YEAR ENDED 30 JUNE 2021

### (b) Compensated leave absences

The Group operates defined benefit plan comprising an unfunded compensated leave absences scheme covering all eligible employees as specified by the scheme.

The Group recognizes provision for compensated absences on the un-availed balance of privilege leaves of all its permanent employees. The calculation of defined benefit liability is performed annually by a qualified actuary using the projected unit credit method (PUC) and related expense related to defined benefit plans are recognised in profit or loss.

### 3.14 Income tax

Income tax expense comprises current and deferred tax. It is recognised in consolidated statement of profit or loss except to the extent that it relates to a business combination, or items recognized directly in equity or in OCI.

#### Current tax

Provision for current tax is based on taxable income for the year at the applicable tax rates after taking into account tax credit and tax rebates, if any and any adjustment to tax payable in respect of previous year.

#### Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on business plans for the Group and the reversal of temporary differences. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves. Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantially enacted at the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. For this purpose, the carrying amount of investment property measured at fair value is presumed to be recovered through sale, and the Group has not rebutted this assumption. Deferred tax assets and liabilities are offset if certain criteria are met.

### 3.15 Revenue recognition

The Group generates revenue from room rentals, food and beverages sales, shop license fees, rent-a-car and tour packages, and revenue from minor operating departments.

#### Contract cost

The contract cost is the incremental cost that the Group incurs to obtain a contract with customers that it would not have incurred if the contract had not been obtained. The Group recognized contract cost as an expense in the statement of profit or loss on a systematic pattern of revenue.

#### Contract assets

The contract assets primarily relate to the Group's right to consideration for service provided but not billed at the reporting date. The contract assets are transferred to trade debts when the rights become unconditional. This usually occurs when the Group issue an invoice to the customer.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

### Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration from the customer. If a customer pays consideration before the Group transfer services to a customer, a contract liability is recognized when the payment is made. Contract liabilities are recognized as revenue when the Group perform its performance obligation under the contract.

### 3.15.2 Other income

Other income is recognized on an accrual basis. Net gains and losses of disposal of property, plant and equipment have been recognized in the consolidated statement of profit or loss, having deducted from proceeds on disposal, the carrying amount of the assets and related selling expenses.

Dividend income from investments is recognized when the Group's right to receive has been established.

Gains and losses arising from incidental activities to main revenue generating activities and those arising from a group of similar transactions which are not material, are aggregated, reported and presented on a net basis.

### 3.16 Assets held for sale

Non-current assets are classified as held-for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use. Such assets are measured at the lower of their carrying amount and fair value less costs to sell. Impairment losses, if any, on initial classification as held-for-sale and subsequent gains and losses on remeasurement are recognized in profit or loss. Once classified as held-for-sale, property, plant and equipment are no longer amortized or depreciated.

### 3.17 Foreign currency transactions and translations

Transactions in foreign currencies are recorded at the rates of exchange prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into Pakistan Rupee at the exchange rate ruling on the reporting date and exchange differences, if any, are recognised in consolidated statement of profit or loss.

### 3.18 Operating profit

Operating profit is the result generated from continuing principal revenue producing activities of the Group as well as other income and expenses related to operating activities. Operating profit excludes finance income, finance costs, income taxes and reversals of impairment.

### 3.19 Finance income and finance cost

The Group's finance income and finance costs include interest income, dividend income, bank charges, interest expense, foreign currency gain or loss on financial assets and financial liabilities. Interest income or expense is recognised using the effective interest method. Dividend income is recognised in consolidated statement of profit or loss on the date on which the Group's right to receive payment is established.

Mark-up, interest and other charges on borrowings used for the acquisition and construction of qualifying assets are capitalized up to the date when the qualifying assets are substantially ready for their intended use. Borrowing cost is included in the related property, plant and equipment acquired/constructed out of the proceeds of such borrowings.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

### 3.20 Fair value measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Group has access at that date. The fair value of a liability reflects its non-performance risk.

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

When one is available, the Group measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the Group uses valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

If an asset or a liability measured at fair value has a bid price and an ask price, then the Group measures assets and long positions at a bid price and liabilities and short positions at an ask price.

The best evidence of the fair value of a financial instrument on initial recognition is normally the transaction price – i.e. the fair value of the consideration given or received. If the Group determines that the fair value on initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on a valuation technique for which any unobservable inputs are judged to be insignificant in relation to the measurement, then the financial instrument is initially measured at fair value, adjusted to defer the difference between the fair value on initial recognition and the transaction price. Subsequently, that difference is recognised in profit or loss on an appropriate basis over the life of the instrument but not later than when the valuation is wholly supported by observable market data or the transaction is closed out.

### 3.21 Development properties

Development properties include land acquired to carry on real estate business and property development. These are carried in the consolidated statement of financial position at lower of cost and net realizable value. Cost includes purchase costs, related government taxes, construction cost, borrowing cost and other overheads necessary to bring the properties in the saleable condition. Net realizable value represents the selling price in the ordinary course of business less cost of completion and estimated cost necessary to be incurred for making the sale. This also includes advances given to acquire the land / villas.

### 3.22 Government grant

The Group recognizes government grants as deferred income at fair value when there is reasonable assurance that they will be received, and the Group will comply with the conditions associated with grant. Grants that compensate the group for expenses incurred, are recognized on a systematic basis in the income for the year in which the related expenses are recognized. Grants that compensate for the cost of an asset are recognized in income on a systematic basis over the expected useful life of the related asset.

### 3.23 Ijarah contracts

Assets held under Ijarah arrangement are not recognized in the group's consolidated statement of financial position. Payments made under Ijarah contracts are charged to profit or loss on a straight-line basis over the term of the Ijarah lease arrangement.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 3.24 Cash and cash equivalents

Cash and cash equivalents comprise cash and bank balances, short term investments and short-term borrowings under mark-up arrangements, used by the Group in the management of its short-term commitments.

### 3.25 Standards, Interpretations and Amendments to Accounting and Reporting Standards as applicable in Pakistan that are not yet effective

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after 01 July 2021:

- Interest Rate Benchmark Reform – Phase 2 which amended IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 is applicable for annual financial periods beginning on or after 1 January 2021, with earlier application permitted. The amendments introduce a practical expedient to account for modifications of financial assets or financial liabilities if a change results directly from IBOR reform and occurs on an 'economically equivalent' basis. In these cases, changes will be accounted for by updating the effective interest rate. A similar practical expedient will apply under IFRS 16 for lessees when accounting for lease modifications required by IBOR reform. The amendments also allow a series of exemptions from the regular, strict rules around hedge accounting for hedging relationships directly affected by the interest rate benchmark reforms. The amendments apply retrospectively with earlier application permitted. Hedging relationships previously discontinued solely because of changes resulting from the reform will be reinstated if certain conditions are met.
- COVID-19-Related Rent Concessions (Amendment to IFRS 16) – the International Accounting Standards Board (the Board) has issued amendments to IFRS 16 (the amendments) to provide practical relief for lessees in accounting for rent concessions. The amendments are effective for periods beginning on or after 1 June 2020, with earlier application permitted. Under the standard's previous requirements, lessees assess whether rent concessions are lease modifications and, if so, apply the specific guidance on accounting for lease modifications. This generally involves remeasuring the lease liability using the revised lease payments and a revised discount rate. In light of the effects of the COVID-19 pandemic, and the fact that many lessees are applying the standard for the first time in their financial statements, the Board has provided an optional practical expedient for lessees. Under the practical expedient, lessees are not required to assess whether eligible rent concessions are lease modifications, and instead are permitted to account for them as if they were not lease modifications.

The practical expedient introduced in the 2020 amendments only applied to rent concessions for which any reduction in lease payments affected payments originally due on or before 30 June 2021. In light of persistence of economic challenges posed by the COVID-19 pandemic, the Board has extended the practical expedient for COVID-19 related rent concessions by one year i.e. permitting lessees to apply it to rent concessions for which any reduction in lease payments affects only payments originally due on or before 30 June 2022.

Rent concessions are eligible for the practical expedient if they occur as a direct consequence of the COVID-19 pandemic and if all the following criteria are met:

- the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- any reduction in lease payments affects only payments originally due on or before 30 June 2022; and
- there is no substantive change to the other terms and conditions of the lease.
- Onerous Contracts – Cost of Fulfilling a Contract (Amendments to IAS 37) effective for the annual periods beginning on or after 1 January 2022 amends IAS 1 by mainly adding paragraphs which clarifies what comprises the cost of fulfilling a contract, Cost of fulfilling a contract is relevant when determining whether a contract is onerous. An entity is required

to apply the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments [the date of initial application]. Restatement of comparative information is not required, instead the amendments require an entity to recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application.

- The following annual improvements to IFRS Standards 2018-2020 are effective for annual reporting periods beginning on or after 1 January 2022.
  - IFRS 9 – The amendment clarifies that an entity includes only fees paid or received between the entity [the borrower] and the lender, including fees paid or received by either the entity or the lender on the other's behalf, when it applies the '10 per cent' test in paragraph B3.3.6 of IFRS 9 in assessing whether to derecognize a financial liability.
  - IFRS 16 – The amendment partially amends Illustrative Example 13 accompanying IFRS 16 by excluding the illustration of reimbursement of leasehold improvements by the lessor. The objective of the amendment is to resolve any potential confusion that might arise in lease incentives.

IAS 41 – The amendment removes the requirement in paragraph 22 of IAS 41 for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique.

- Property, Plant and Equipment – Proceeds before Intended Use [Amendments to IAS 16] effective for annual periods beginning on or after 1 January 2022 clarifies that sales proceeds and costs of items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management e.g. when testing etc., are recognized in profit or loss in accordance with applicable Standards. The entity measures the cost of those items applying the measurement requirements of IAS 2. The standard also removes the requirement of deducting the net sales proceeds from cost of testing. An entity shall apply those amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments. The entity shall recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings [or other component of equity, as appropriate] at the beginning of that earliest period presented.
- Reference to the Conceptual Framework [Amendments to IFRS 3] – Reference to the Conceptual Framework, issued in May 2020, amended paragraphs 11, 14, 21, 22 and 23 of and added paragraphs 21A, 21B, 21C and 23A to IFRS 3. An entity shall apply those amendments to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after 1 January 2022. Earlier application is permitted if at the same time or earlier an entity also applies all the amendments made by Amendments to References to the Conceptual Framework in IFRS Standards, issued in March 2018.
- Classification of liabilities as current or non-current [Amendments to IAS 1] amendments apply retrospectively for the annual periods beginning on or after 1 January 2023. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8.
- Disclosure of Accounting Policies [Amendments to IAS 1 and IFRS Practice Statement 2] – the Board has issued amendments on the application of materiality to disclosure of accounting policies and to help companies provide useful accounting policy disclosures. The key amendments to IAS 1 include:

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

- requiring companies to disclose their material accounting policies rather than their significant accounting policies;
- clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed; and
- clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.

The Board also amended IFRS Practice Statement 2 to include guidance and two additional examples on the application of materiality to accounting policy disclosures. The amendments are effective for annual reporting periods beginning on or after 1 January 2023 with earlier application permitted.

- Definition of Accounting Estimates [Amendments to IAS 8] – The amendments introduce a new definition for accounting estimates clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty.

The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that a company develops an accounting estimate to achieve the objective set out by an accounting policy. The amendments are effective for periods beginning on or after 1 January 2023, and will apply prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the company applies the amendments.

- Deferred Tax related to Assets and Liabilities arising from a Single Transaction [Amendments to IAS 12] – The amendments narrow the scope of the initial recognition exemption [IRE] so that it does not apply to transactions that give rise to equal and offsetting temporary differences. As a result, companies will need to recognise a deferred tax asset and a deferred tax liability for temporary differences arising on initial recognition of a lease and a decommissioning provision. For leases and decommissioning liabilities, the associated deferred tax asset and liabilities will need to be recognised from the beginning of the earliest comparative period presented, with any cumulative effect recognised as an adjustment to retained earnings or other components of equity at that date. The amendments are effective for annual reporting periods beginning on or after 1 January 2023 with earlier application permitted.

Sale or Contribution of Assets between an Investor and its Associate or Joint Venture [Amendments to IFRS 10 and IAS 28] – The amendment amends accounting treatment on loss of control of business or assets. The amendments also introduce new accounting for less frequent transaction that involves neither cost nor full step-up of certain retained interests in assets that are not businesses. The effective date for these changes has been deferred indefinitely until the completion of a broader review.

The Group has not yet determined the impact.

### New standards, amendments or interpretations

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

**10.1.6.1** Although the analysis does not take into account full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

**10.1.6.2** The Group's expected charge for the defined benefit liability - gratuity for the next year is Rs. 105.30 million

**10.1.7** Risk associated with defined benefit liability- gratuity

**10.1.7.1** Salary Risk - [linked to inflation risk]

The risk that the final salary at the time of cessation of service is greater than what was assumed. Since the benefit is calculated on the final salary [which will closely reflect inflation and other macroeconomic factors], the benefit amount increases as salary increases.

**10.1.7.2** Demographic risks

**Mortality risk** - The risk that the actual mortality experience is different than the assumed mortality. This effect is more pronounced in schemes where the age and service distribution is on the higher side.

**Withdrawal risk** - The risk of actual withdrawals experience is different from assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and the entitled benefits of the beneficiary.

**10.1.8** Expected benefit payments for the next 10 years and beyond;

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

**10.2.5.1** Although the analysis does not take into account full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

**10.2.6** Risk associated with defined benefit liability- compensated leave absences

**10.2.6.1** Salary risk- [linked to inflation risk]

The risk that the final salary at the time of cessation of service is greater than what was assumed. Since the benefit is calculated on the final salary [which will closely reflect inflation and other macroeconomic factors], the benefit amount increases as salary increases.

**10.2.6.2** Demographic risks

**Mortality risk** - The risk that the actual mortality experience is different than the assumed mortality. This effect is more pronounced in schemes where the age and service distribution is on the higher side.

**Withdrawal risk** - The risk of actual withdrawal experience is different from assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and the entitled benefits of the beneficiary.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

16.1.2 The operating fixed assets are secured against various loan availed by the Parent Company. Refer note 8 and 12.

### 16.1.3 Revaluation surplus on property, plant and equipment

Freehold and leasehold land were revalued on 30 June 2020 by an independent valuer, based on market value basis method. The fair value when determined falls under level 3 hierarchy. Sensitivity analysis has not been presented since data about observable inputs is not available.

Had the aforementioned revaluation not carried out, the book value of freehold and leasehold land would have been Rs. 469.24 million [2020: Rs. 766.26 million].

16.1.4 The forced sale value of the revalued land has been assessed at Rs. 22,652 million [2020: Rs. 23,019 million].

16.1.5 Particulars of immovable fixed assets [i.e. land and building] of the Parent Company are as follows:

| 17.1   | This includes amount of Rs. 626.82 million [2020: Rs. 626.82 million] paid to a related party, Associated Builders [Private] Limited, for purchase of tourist site piece[s] of land measuring 7.29 acres in Gwadar. During the previous year, the Securities and Exchange Commission of Pakistan [SECP] has imposed penalty on the Parent Company's directors under the provisions of section 199 of the Companies Act, 2017 by treating this advance as 'investment in associated company' and also directed the Parent Company to place the matter before the shareholders of the Parent Company in the forthcoming general meeting to seek their approvals in terms of section 199 of the Companies Act, 2017. The directors of the Parent Company has filed an appeal with the SECP which is pending. Management believes that the matter has no impact on the Parent Company's financial statements. |        |                      |           |

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

17.2 This represents amount paid for purchase of 1/3rd share [113.34 acres of land] from Ms. Seema Tressa Gill's situated in Deh Dih in the Delta of Malir River. The Parent Company relying upon the representation of good title by Ms. Seema Tressa Gill entered into a Agreement to Sale with her 1/3rd share [113.34 acres land] against a total sale consideration of Rs. 80 million which was followed by registered documents inter-alia includes a Deed of Conveyance. The relevant documents provide for indemnification by the Seller's against all losses, detriments occasioned to or sustained/ suffered by the Purchaser due to any defect in the title of the Seller. The Parent Company also paid regularization fee amounting to Rs. 301.65 million to the Land Utilization Department Govt. of Sindh on her behalf through Challan.

Legal proceedings of the above said piece of land were instituted in the Courts of Law, the Parent Company being aggrieved and dissatisfied with a impugned judgment of High Court against dismissal of its Constitution Petition has filed a Civil Petition for Leave to Appeal [CPLA] before Honourable Supreme Court of Pakistan and presently the matter is pending adjudication before the Apex Court and Group is diligently pursuing the same. The Parent Company is hopeful of a favorable result. However, even if there is an adverse decision as per legal opinion, the Parent Company would be entitled to recover the amounts from the Seller as well as from the relevant Government Department. In this regard the paid Challan for regularization fee also states that Subject to the condition that the land in question is available on site and the lease money may be deposited into Government Treasury in the relevant Head of Accounts by the depositor at his own risk. In case if any irregularity/false information/ concealment of facts/ stay of court is noticed hereafter, the malkano amount paid to this effect by the depositor shall be reimbursed.

17.3 This represents advance amount paid for purchase of land situated at Kuri Road, Islamabad, the vendor failed to get the land transferd in the name of the Parent Company within stipulated time, and the Parent Company is pursuing of recovery of this amount, which is not envisage in foreseeable future, therefore, impairment loss of Rs. 40 million [2020: Nil] has been recognized against this advance

## FOR THE YEAR ENDED 30 JUNE 2021

### 39.2 Tax related contingencies

#### Income tax

- i The income tax assessments of the Parent Company have been finalised and returns have been filed up to and including the tax year 2020. However, for the assessment year 1999-2000, an appeal is pending with the Appellate Tribunal, Inland Revenue. In case of adverse decision of the appeal, the tax liability of Rs. 73.165 million [2020: Rs. 73.165 million] may arise against the Company for which no provision has been recognised by the Parent Company. These comprise of disallowances of certain expenses and arbitrary additions to the income of the Parent Company. Based on appellate history and merits, the Parent Company is confident of a favorable outcome of the appeal. Therefore, the Parent Company considers that provision against this tax liability is not required.
- ii In June 2020, the taxation officer amended the assessment for the tax year 2014 by disallowing various expenses and raising tax demand of Rs. 1,400 million. On appeal filed by the Parent Company against the assessment order before the Commissioner Inland Revenue [Appeals-II] Karachi [CIR(A)], the CIR(A) through his order dated 15 October 2020 has remanded the case back to the taxation officer for re-examination and re-consideration of the facts of the case. As of date no action is taken by the taxation officer; however based on the appellate history and merits, the Parent Company is confident of favorable outcome of the case and hence a provision on this matter has not been recognized.
- iii The inland revenue officer passed an order under section 122(5A) of the Income Tax Ordinance, 2001 for tax year 2008 to frame impugned tax demand of Rs.30.12 million by disallowing few expenses. On appeal filed by the Parent Company before the CIR(A) against the assessment order of the taxation officer, the CIR(A) remanded the case back to the taxation officer for fresh proceeding. The appellate Order of the CIR(A) was however challenged by the Department before the honorable Appellate Tribunal Inland Revenue [Tribunal]; whereby the Tribunal through its order dated 22 January 2021 has upheld the order of the CIR(A). Based on the appellate history and merits, the Parent Company is confident of favorable outcome of the case and hence a provision on this matter has not been recognized.
- iv The Assistant Commissioner Inland Revenue issued an order dated 26 May 2018 whereby a demand was raised of Rs. 30.88 million for the tax year 2016, with reference to order passed under section 161/205/182 of the Income Tax Ordinance, 2001. Against this order, the Group filed an appeal before Commissioner Inland Revenue [Appeals-I], who vide its Order No. 10-2019 dated 10 May 2019 remanded back the case to Deputy Commissioner Inland Revenue. Being aggrieved of the decision of Commissioner Inland Revenue [Appeals-I], the Group filed an appeal to the Appellate Tribunal Inland Revenue on 16 May 2019 whose decision is pending to date hence a provision on this matter has not been recognized.
- v Income Tax Appeal has been filed before the Commissioner of Inland Revenue [Appeals-III], Karachi on 21-07-2020 against the order passed by the Assistant/Deputy Commissioner of Inland Revenue, [ACIR] u/s 122(1)/122(5) of the Income Tax Ordinance, 2001 dated 30-06-2020 for the Tax Year 2014, which is pending and hence a provision on this matter has not been recognized.
- vi Income Tax Appeal has been filed before the Commissioner of Inland Revenue [Appeals-III], Karachi on 23.07-2021 against the order passed by the Assistant/Deputy Commissioner of Inland Revenue, [ACIR] u/s 122(1) of the Income Tax Ordinance, 2001 dated 29-06-2021 for the Tax Year 2015, which is pending and hence a provision on this matter has not been recognized.

#### Sales Tax

- i. Sales Tax Collectorate, Lahore created the sales tax liability amounting to Rs. 9.571 million on the basis of audit proceedings for the year 1997-98 that the Parent Company provided out door catering to PIA without payment of sales tax. The Additional Collector disposed off the above referred audit observations. The department filed appeal before the Appellate Tribunal Inland Revenue [ATIR]. The ATIR set aside order of Additional Collector through order no. 1394/LB/09

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

44.2 The Group has not disclosed the fair values for these financial assets and financial liabilities, because their carrying amounts are reasonable approximation of fair value.

44.3 It excludes advances from customers, federal excise duty, bed tax and sales tax payable, banquet / beverage tax, unearned income and income tax deducted at source.

### Financial Risk Management

The Group has exposure to the following risks arising for financial instruments:

- Credit risk [note 44.4 ]
- Liquidity risk [note 44.5]
- Market risk [note 44.6]"

### Risk Management Framework

The Parent Company's board of directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The board of directors has established the risk management committee, which is responsible for developing and monitoring the Group's risk management policies. The committee reports regularly to the board of directors on its activities.

The Group's risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

### 44.4 Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Group's trade debts from customers.

The carrying amount of financial assets and contract assets represent the maximum credit exposure.

Expected credit losses on financial assets and contract assets recognised in consolidated profit or loss were as follows.

|                                                                                                | 2021         | 2020    |

### i Trade debts and contract assets

The Group's exposure to credit risk is influenced mainly by the individual's characteristics of each customer. However, management also considers the factors that may influence the credit risk of customer base, including the default risk associated with the industry and the region in which the customers operate. Detail of concentration of revenue are included in note 29.1.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

The risk management committee has established a credit policy under which each new customer is analyzed individually for creditworthiness before the Group's standard payment and delivery terms and conditions are offered. The Group's review includes external ratings, if they are available, financial statements, credit agency information, industry information and in some cases bank references. Credit limits are established for each customer and are reviewed regularly. Any sales exceeding those limits require approval from the risk management committee.

The Group limits its exposure to credit risk from trade debts by establishing a maximum payment period for each corporate customer based on the assessment of risk management committee.

Maximum of the Group's customers have been transacting with the Group for many years and none of these customers' balances have been written off or are credit-impaired at the reporting date. In monitoring customer credit risk, customers are grouped according to their credit characteristics, their geographical location, industry, trading history with the Group and existence of previous financial difficulties.

At reporting date, the exposure to credit risk for trade debts and contract assets by geographical regions was as follows.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

### Expected credit loss assessment for corporate customers

The Group allocates each exposure to a credit risk based on data that is determined to be predictive of the loss (including but not limited to external ratings, audited financial statements, management accounts, cash flow projection and available press information about customers) and applying experienced credit judgment. Credit risk are defined using qualitative and quantitative factors that are indicative of the risk of default and are aligned to external credit rating definition from agencies (Rating agencies Pakistan Credit Rating Agency (PACRA) and JCR - VIS).

Exposure within each credit risk are segmented by geographical region and an ECL rate is calculated for each segment based on delinquency status and actual credit loss experience over the past three years. These rates are multiplied by scalar factors to reflect the difference between economic conditions during the period over which the historical data has been collected, current conditions and the Group's view of economic conditions over the expected lives of the trade debts.

Scalar factors are based on GDP forecast, unemployment rate, Consumer Price Index and exchange rate which are as follows:

| Years | GDP Forecast | Unemployment rate | Consumer price index | Exchange rate |
|-------|--------------|-------------------|----------------------|---------------|
| 2021  | 3.80         | 11.00             | 9                    | 157.40        |
| 2020  | (3.60)       | 6.00              | 9.1                  | 168.30        |
| 2019  | 3.10         | 4.45              | 8.4                  | 150.10        |
| 2018  | 5.83         | 6.00              | 5.08                 | 121.82        |
| 2017  | 5.55         | 5.8               | 4.09                 | 105.46        |

The Group uses an allowance matrix to measure the ECLs of trade debts from corporate customers, which comprises a very large number of small balances.

Loss rates are calculated using "roll rate" method based on the probability of a trade debt progressive through successive stages of delinquency to calculate the weighted average loss rate. Roll rates are calculated separately for exposure in different segments based on following common characteristics - geographic region and age of customer relationship.

### Foreign Currency risk

The PKR is the functional currency of the Group and, as a result, currency exposures arise from transactions and balances in currencies other than PKR. The Group's potential foreign currency exposure comprise:

### Transactional exposure in respect of non functional currency monetary items

Monetary items, including financial assets and liabilities, denominated in currencies other than the functional currency of the Group are periodically restated to PKR equivalent, and the associated gain or loss is taken to the profit or loss. The foreign currency risk related to monetary items is managed as part of the risk management strategy.

### Transactional exposure in respect of non functional currency expenditure and revenues

Certain operating and capital expenditure is incurred by the Group in currencies other than the functional currency. Certain sales revenue is earned in currencies other than the functional currency of the Group. These currency risks are managed as part of overall risk management strategy. The Group does not enter into forward exchange contracts.

| Decrease in 5% USD rate | 2,889        | (106) |

### Interest rate risk

The interest rate risk is the risk that the value of the financial instrument will fluctuate due to changes in the market interest rates. The Group has long term and short term Pakistan Rupees based loans and borrowing arrangements at variable rates. The local currency loans and borrowings have variable rate pricing that is dependent on the Karachi Inter Bank Offer Rate [KIBOR].

### Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not effect statement of profit or loss.

### Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates at the reporting date would have increased / [decreased] equity / profit and loss by Rs. 178.52 million [2020: Rs. 162.82 million]. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for 2020.

### Other market price risk

The primary goal of the Group's investment strategy is to maximize investment returns on surplus funds. The Group adopts a policy of ensuring to minimize its price risk by investing in securities having sound market performance. Certain investments are designated as held for trading because their performance is actively monitored and these are managed on a fair value basis. Equity price risk arises from investments at fair value through profit or loss.

### Sensitivity analysis – equity price risk

For quoted investments classified as held for trading, a 100 basis point increase in market price at reporting date would have increased profit or loss by Rs. 0.08 million [2020: Rs. 0.06 million] thousand; an equal change in the opposite direction would have decreased profit or loss by the same amount. The analysis is performed on the same basis for 2020 and assumes that all other variables remain the same.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2021

### 50 IMPACT OF COVID-19 ON THE FINANCIAL STATEMENTS

During the year, the novel coronavirus [COVID-19] emerged and on 11 March 2020, the World Health Organisation declared the COVID-19 outbreak to be a pandemic in recognition of its rapid spread across the globe. Many countries, including Pakistan, took stringent steps to help contain the spread of the virus, including requiring self-isolation/quarantine by those potentially affected, implementing social distancing measures, and controlling or closing borders and locking down cities and regions. The events and conditions resulted in disruption to business operations particularly to businesses in highly exposed sectors including hospitality industry and significant increase in economic uncertainty.

Due to the lockdown and restrictions imposed by the Government of Pakistan, the Company's following hotel properties remained fully/partially closed for operations:

PC Karachi partially closed from 17 March 2020 to 10 August 2020  
 PC Lahore partially closed from 23 March 2020 to 02 August 2020  
 PC Rawalpindi were fully closed from 24 March 2020 to 01 July 2020  
 PC Bhurban 19 March 2020 to 10 August 2020  
 PC Muzaffarabad fully closed from 18 March to 12 August 2020  
 Hotel One- The Mall were fully closed from 18 March 2020 to 09 July 2020

The Group recognized revenue of Rs. 7,077 million during the year as compared to Rs. 8,781 million in the corresponding period of previous year. The decline is attributed mainly to temporary close-down of operations. There is no impact of COVID-19 on the carrying amounts of assets and liabilities. The impact of COVID-19 on restructuring of loans and the related classification are disclosed in Note 8 and 28.

The material uncertainties relating to going concern assumption, including those arising from impacts of COVID-19 alongwith information relating to management's actions and plans to mitigate adverse financial implications and operational changes are disclosed in Note 2.4.

Dear Shareholder,

### **ELECTRONIC PAYMENT OF CASH DIVIDENDS**

Pursuant to Section-242 of the Companies Act, 2017 and Companies [Distribution of Dividends] Regulations, 2017 issued by the Securities and Exchange Commission of Pakistan [SECP], it is mandatory for a listed company to pay cash dividends to its shareholders only through electronic mode directly in the bank accounts of the shareholders.

In this connection, it is necessary to provide complete bank mandate detail including IBAN number to credit the proceeds of the future dividends into your bank account. You are therefore required to provide complete bank mandate details with IBAN otherwise future dividend may be withheld.

The Shareholders, who are holding physical shares are requested to submit e-dividend mandate form by filling the attached format and send it to Company's Share Registrar at the following address:

M/s. THK Associates [Pvt] Limited,

Plot No. 32-C, Jami Commercial Street 2, DHA Phase VII, Karachi

Phone: 021-111-000-322 E-mail: sfc@thk.com.pk

The CDC shareholders must submit their e-dividend mandate form details to Investor Account Services or to their brokers where shares are placed electronically.

Electronic Dividend Mandate Form is attached with Printed Annual Report and also placed on Company's website [www.psl.com.pk](http://www.psl.com.pk).

For any query/ problem/information, the investors may contact the company's Share Registrar at the above phone Numbers, email address.

Yours faithfully,

for Pakistan Services Limited
